Keith Young and Tamarra Osborne provide practical advice for trainers seeking high-leverage strategies for successful professional trainings. How do you see yourself as a trainer? Are you occasionally extraordinary or do you flail about a bit? Are you connected to a helpful community of other trainers or are you just starting out and feeling isolated and alone in your job? Do your workshops end with thunderous applause or do you have nightmares about participants gazing into the middle distance and leaving with little more than they started with? Odds are you've experienced multiple successes and failures, and that's OK. Regardless of your starting point or previous experiences, Training Design, Delivery, and Diplomacy outlines the essential components you need to build a powerful training program. Young and Osborne, coauthors of The Instructional Coaching Handbook, present dozens of strategies to help both novice and expert trainers avoid common and not-so-common training pitfalls, enabling the design and delivery of powerful sessions where folks walk away energized with new skills and understanding.
