

CARLA JENSEN

Experienced Speech Language Pathologist

📧 johndoe@example.com

📍 Berks County, PA

SUMMARY

Experienced Speech Language Pathologist with a current license in PA and a certificate of clinical competence in speech from the American Speech and Hearing Association. Skilled in performing evaluations, developing treatment plans, and providing therapeutic interventions for clients who are experiencing speech, language, communication, or swallowing difficulties. Strong computer skills and prior experience with electronic medical records.

EXPERIENCE

Speech Language Pathologist

BAYADA Home Health Care

📅 Ongoing 📍 Berks County, PA

Performed home health visits to clients in Berks County, PA, and provided rehabilitative care and skilled nursing. Conducted thorough evaluations to assess, diagnose, and provide therapeutic interventions for clients with speech, language, communication, or swallowing difficulties. Developed and continually assessed and revised the speech therapy care plan, and participated with BAYADA clinicians in the multidisciplinary care plan, as appropriate. Accurately documented observations, interventions, and evaluations pertaining to patient care management and services provided, utilizing a state-of-the-art touch pad tablet.

- Conducted over 50 thorough evaluations resulting in accurate diagnoses and effective treatment plans.
- Collaborated with BAYADA clinicians in the multidisciplinary care plan, resulting in improved patient outcomes.
- Provided patient education and instruction to promote client's health, safety, and independent living, resulting in increased patient satisfaction.
- Accurately documented patient care management and services provided utilizing a state-of-the-art touch pad tablet, resulting in improved documentation accuracy.

STRENGTHS

Excellent Communication

Communicate effectively with clients, families and healthcare teams resulting in better care and positive patient outcomes.

Detail-Oriented

Thoroughly assess and evaluate patients, ensuring accurate treatment plans and timely interventions.

Collaborative Team Player

Work effectively with multidisciplinary teams to provide high-quality patient care and achieve desired goals.

SKILLS

Thorough evaluation and assessment

Development of treatment plans

Patient and family education

Documentation and record-keeping

Proficient with electronic medical records

ACHIEVEMENTS

Leadership Development

Successfully mentored and trained new speech language pathologists, resulting in improved patient outcomes and team performance.

AWARDS

Excellence in Patient Care

Recognized for providing exceptional patient care, resulting in improved patient outcomes and satisfaction.

Speech Pathologist Profile Resume Example

Brian E. Howard

Speech Pathologist Profile Resume Example:

The Eleventh Mental Measurements Yearbook Buros Center, 1992-08

Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume To place your standing order please call 1 800 848 6224 in the U S or 919 966 7449 outside the U S The most widely acclaimed reference series in education and psychology the Mental Measurements Yearbooks are designed to

assist professionals in selecting and using standardized tests The series initiated in 1938 provides factual information critical reviews and comprehensive bibliographic references on the construction use and validity of all tests published in English The objectives of the Mental Measurements Yearbooks have remained essentially the same since the publication of the series These objectives include provision to test users of factual information on all known tests published as separates in the English speaking countries of the world candidly critical test reviews written for the MMY series by qualified professional people representing a variety of viewpoints unique publication of each volume in the MMY series with new volumes supplementing rather than supplanting previous series volumes Each yearbook is a unique publication supplementing rather than supplanting the previous volumes Developmental, Modal, and Pathological Variation — Linguistic and Cognitive Profiles for Speakers of Linguistically Proximal Languages and Varieties Kleanthes K. Grohmann, Maria Kambanaros, Evelina Leivada, 2018-11-08 One significant area of research in the multifaceted field of bilingualism over the past two decades has been the demonstration validation and account of the so called bilingual advantage This refers to the hypothesis that bilingual speakers have advanced abilities in executive functions and other domains of human cognition Such cognitive benefits of bilingualism have an impact on the processing mechanisms active during language acquisition in a way that results in language variation Within bilingual populations the notion of language proximity or linguistic distance is also of key importance for deriving variation In addition sociolinguistic factors can invest the process of language development and its outcome with an additional layer of complexity such as schooling language dominance competing motivations or the emergence of mesolectal varieties which blur the boundaries of grammatical variants This is particularly relevant for diglossic speech communities bilectal bidialectal or bivarietal speakers The defined goal of the present Research Topic is to address whether the bilingual advantage extends to such speakers as well Thus Linguistic and Cognitive Profiles for Speakers of Linguistically Proximal Languages and Varieties become an important matter within Developmental Modal and Pathological Variation Speech and Language Norman J. Lass, 2014-06-28 Speech and Language Volume 4 Advances in Basic Research and Practice is a collection of papers that deals with the theories clinical issues and pathology of language and speech Several papers discuss nonlinguistic and linguistic processing in children phonological development in infants and the development of speech fluency in children Other papers examine the four major speech production models the physiological and acoustical aspects of speech adaptation spatial temporal model of velopharyngeal function and variations in the supraglottal air pressure waveform One paper notes the relationships of two systems of development as follows language development is dependent upon cognitive products and cognitive development is dependent upon language development Such relationship leads to the hypotheses that language and cognitive developments are independent are interdependent and are both dependent upon some X abilities One paper suggests that speech clinicians should have as a goal the achievement of speech that is as normal as possible in all respects and not just for patients to sound normal The collection will benefit

[Encyclopedia of Clinical Child and Pediatric Psychology](#) Thomas H. Ollendick, Carolyn S. Schroeder, 2003-07-31 One volume reference work with approximately 300 entries Each entry will contain 5 8 references Entries will kept under 7 pages with limited references and cross referenced to 5 other topics in the encyclopedia

Resources in Education , 1998 *Phonetic Science for Clinical Practice, Second Edition* Kathy J. Jakielski, Christina

Gildersleeve-Neumann, 2023-11-21 Phonetic Science for Clinical Practice Second Edition is designed to serve as an introductory one term textbook for undergraduate phonetics courses in communication sciences and disorders. The text introduces the fundamental tool of transcription, the International Phonetic Alphabet, while also presenting the science underlying that set of symbols. The goal of this text is to teach students how to think about the data being transcribed in other words, how to think like a phonetician. Every chapter begins with learning objectives and an Applied Science feature which presents a research or clinical based question that can be answered by applying the phonetic science concepts covered in that chapter. By the end of the chapter, students will revisit the question and be asked to solve the problem posed. Students studying communication sciences and disorders, practicing speech language pathologists and audiologists will be more successful in their clinical work if they understand the science that underlies the tool of transcription. Each chapter also offers several diverse clinical examples to review the application of concepts covered. Key Features: Focused on practical clinical application and the information needed for clinical practice; Did You Get It? comprehension checks on the material throughout each chapter; Applied Science sections at the beginning and end of each chapter to increase students' curiosity about the topic of the chapter, concluding with real world clinical solutions. New to the Second Edition: Transcription readiness quiz Chapter 1 with accompanying tutorials; New information about disordered speech and developmental speech errors that affect consonants Chapter 7 and new section about developmental speech errors that affect vowels Chapter 8; 12 new audio case studies that students can use to practice transcribing errors in typical speech development; 12 new video case studies that students can use to practice transcribing disordered speech. Disclaimer: Please note that ancillary content such as study aids, flashcards, audio maps, and quizzes are not included as published in the original print version of this book.
