Student Objectives

- Replace syllables to create spelling words.
- Use a dictionary to verify definitions and respellings.

Teaching Tips

- After students have completed the Word Meanings and Word Structure activities, have them locate the words that are forms of operation, completion, and population. (**8. operate, 9. populate, 14. complete**) Ask them to circle the vowel or consonant that is the same in both words but has a different sound when the suffix is added.
- Explain that the definitions used in items 1–10 are similar to the **Spelling Dictionary** definitions. Students should decide which spelling word most closely fits each definition.
- Remind students that dictionaries use respellings to tell the reader how to pronounce words.

Differentiated Pattern Practice

- Use the optional practice masters for extra practice with the spelling words.

WORD SORT CD-ROM

- Provide time for students to use a **Buddy Sort** to practice their spelling words with a partner (see p. 231).
