The 4 Disciplines of Execution - India & South Asia Edition Sean Covey, 2014-11-27 The Four Disciplines of Execution is about a simple proven formula for reaching the goals you want to reach as a business or individual In Covey's experience the thing that most undermines the ability to execute goals is what he calls the Whirlwind those urgent tasks that must be done simply to keep an organization alive As Covey shows the only way to execute new important goals is to separate those goals from the Whirlwind The Four Disciplines allow leaders to create a strategy that requires a change in behaviour since only by ensuring that everyone on the team understands the goal knows what to do to reach it and knows whether progress is being made will a leader produce consistent breakthrough results while sustaining the urgent work of the Whirlwind The Four Disciplines of Execution are 1 Focus on the Wildly Important 2 Act on the Lead Measures 3 Keep a Compelling Scoreboard 4 Create a Cadence of Accountability For more than a decade Franklin Covey has been studying what it takes to achieve important goals and in this book they share success stories from a wide range of companies that have implemented the Four Disciplines to result in

greater profits increased market share and improved customer satisfaction This way of thinking is essential to any company that wants to not only weather but thrive in this economy This edition is specifically adapted for the South Asia market by Rajan Kaicker CEO of FranklinCovey India featuring anecdotes and advice to reflect this emerging market **SUMMARY:**

Bachman,2020-11-26 Note This is a Summary of The 4 Disciplines of Execution Achieving Your Wildly Important Goal by Sean Covey Jim Huling and Chris McChesney The 4 Disciplines of Execution is a guide for businesses to reliably commit to the goals and plans they set authored by associates from FranklinCovey a management consultancy Rather than focusing on what a business must accomplish to be successful the four disciplines establish how to accomplish those things One reason commitments tend to be abandoned in business is that new projects and goals are less urgent than the day to day tasks of each individual employee which the authors call the whirlwind The key to commitment fulfillment is for new tasks to take up only a small portion of each employee s time but for that employee to be held accountable for completing them The first discipline is to settle on one or two wildly important goals WIGs These are the things that would have the most significant impact on progress toward the business s long term goals In the second discipline the WIG DISCLAIMER We are convinced that our professional summaries will introduce more readers to the full book who otherwise would have turned a blind eye by the sheer commitment Our intention is sincere in that readers could use this summary as an introduction or a companion to the original book not as a substitute **The 4 Disciplines of Execution** Chris McChesney,Sean Covey,Jim
