The Alpha's Human Bodyguard Kate D. Gholson, 2025-10-29 Marcus Kane thought the mission would be simple infiltrate Blackwood Industries get close to CEO Adrian Blackwood and eliminate the werewolf alpha when the opportunity arose What he didn't expect was to be hired as Blackwood's personal bodyguard after a carefully orchestrated rescue from a staged attack Now Marcus must navigate the deadly world of werewolf politics while maintaining his cover as a bumbling ex military washout who can barely tie his own boots By day he stumbles through corporate hallways while Adrian treats him like fragile glass buying him safety equipment bandaging his injuries and protecting him from threats that Marcus could neutralize in seconds By night Adrian's gentle touches and whispered confessions make Marcus question everything he thought he knew about monsters and men But someone within Adrian's own pack wants the alpha dead and Marcus finds himself genuinely protecting the man he was sent to kill As assassination attempts escalate and Marcus's feelings deepen he faces an impossible choice complete his mission or save the werewolf who's stolen his heart When Adrian discovers the weapons cache hidden behind Marcus's collection of safety gear both men must confront the truth that love can bloom even in the shadow of betrayal and some bonds are stronger than the orders that forge them The question isn't whether Marcus can kill Adrian anymore It's whether either of them will survive the fallout when Marcus chooses love over duty *A Companion to the Greek Testament and the English Version* Philip Schaff, 1885 **The Century Dictionary Supplement** Benjamin Eli
