Chapter 10: Networks and the Internet

Section 10.1: The Basics of Networks

Objectives

Students will be able to identify the components of a network and explain the role of each component in a network.

1. Students will be able to identify the components of a network.

a. What are the components of a network? (Nodes, Links, and Protocols)

b. What is a node? (A device that can send and receive data over a network)

c. What is a link? (A connection between two nodes)

d. What is a protocol? (A set of rules that governs how data is sent and received)

2. Students will be able to explain the role of each component in a network.

a. What is the role of a node? (To send and receive data)

b. What is the role of a link? (To connect two nodes)
