John Warrillow, 2021-01-12 Freedom It's the ability to do whatever you want whenever you want. It's the ultimate reward of selling your business. But selling a company can be confusing and one wrong step can easily cost you dearly. *The Art of Selling Your Business: Winning Strategies, Secret Hacks for Exiting on Top* is the last in a trilogy of books by author John Warrillow on building value. The first, *Built to Sell*, encouraged small business owners to begin thinking about their business as more than just a job. The Automatic Customer tagged recurring revenue as the core element in a valuable company and provided a blueprint for transforming almost any business into one with an ongoing annuity stream. Warrillow completes the set with *The Art of Selling Your Business*. This essential guide to monetizing a business is based on interviews the author conducted on his podcast *Built to Sell Radio* with hundreds of successfully cashed-out founders. What's the secret for harvesting the value you've created when it's time to sell? *The Art of Selling Your Business* answers important questions facing any founder, including: What's your business worth? When's the best time to sell? How do you create a bidding war? How can you position your company to maximize its attractiveness? Who will pay the most for your business? What's the secret for punching above your weight in a negotiation to sell your company? *The Art of Selling Your Business* provides a sleeves-rolled-up action plan for selling your business at a premium by an author with consummate credibility. **Time's Up!** Paul Dunn, Ronald J.

Baker, 2022-11-14 Put values and value over volume with a professional services subscription model. Professional firms are built on relationships. But you wouldn't know it by observing their predominant business model: a model centered on selling transactions and inputs, not outcomes that deepen and strengthen relationships. *Time's Up* offers you a guide to building a more valuable firm, one where relationships and lifetime customer value are at the center of how you create and capture value. You'll learn how to create customer lifetime values that far exceed acquisition and retention costs. Move customer relationships to the center of your firm. Leverage the collective knowledge of your customers. Elevate customers from where they are to their desired future by providing transformations where the customer is the product. Only uncommon offerings command uncommon prices. *Time's Up* introduces you to a revolutionary new business model that transforms your firm, your teams, and your results with the customer right at the center of the process. Win, Keep, Grow Mark Stiving, 2021-07-06 *Win Keep Grow* shares the surprising fundamentals entrepreneurs need to build and grow a subscription business. The first section of *Win Keep Grow* delivers a simple framework to help businesspeople understand the differences of the subscription business. The framework consists of the three revenue buckets subscription companies must manage and the 3 value levers subscription companies must master to put their offering in a position to skyrocket. The second section uses the framework to walk the reader through how managing a subscription product evolves as the product matures in the market. The third and final section prepares companies who don't currently have a subscription product on what to expect while transitioning to one. Pricing expert Mark Stiving, Ph.D., dug deeply into the subscription business model and he was surprised at how many aha moments he had. *Win Keep Grow* shares his many insights with businesses who have or want to have subscription products.

Readers will walk away with a deeper understanding of this business model a process to prioritize the investment of resources and a way to simply communicate the product s objectives throughout their own organization
