The Bad Quarto:

The 'bad' Quarto of Hamlet George Ian Duthie,1966 **the "Bad" Quarto of Hamlet A Critical Study** George Ian Duthie,1978 Reforming the "bad" Quartos Kathleen O. Irace,1994-07 If as this study argues the actors also adapted the plays the short quartos preserve the earliest fast paced popular adaptations of Shakespeare s plays designed by the actors to please the million **Shakespeare's Bad Quartos** Robert E. Burkhart,2018-11-05 No detailed description available for Shakespeare s Bad Quartos **Shakespearean Suspect Texts** Laurie E. Maguire,1996-02-23 An examination of forty one Shakespearean play texts the bad quartos or memorial reconstructions **The Bad Quarto of Romeo and Juliet** Harry Reno Hoppe,1948 **The Bad Quarto of Romeo and Juliet** Harry Reno Hoppe,1948 The Bad Quarto Jill Paton Walsh,2012-03-01 Jill Paton Walsh has created a Miss Marple for the 21st century Mirror A jewel in the traditional English detective mode Ms Morse has arrived Observer Another foolhardy Cambridge college night climber has died attempting Harding s Folly This time it s John Talentire one of the brightest young dons at St Agatha s and the verdict is accident compounded by idiocy But college nurse Imogen Quy can t help wondering how such a clever young man died so stupidly And when a wildly eccentric production of Hamlet is interrupted by a murder accusation Imogen investigates uncovering more crime than she expected **The First Two Quartos of Hamlet** Margrethe Jolly,2014-07-15 It is nearly two centuries since the first quarto of Hamlet was rediscovered yet there is still no consensus about its relationship to the second quarto Indeed the first quarto the least frequently read Hamlet has been dismissed as corrupt inferior or like a mutilated corpse even though in performance it has been described as the absolute dynamo behind the play Currently one hypothesis dominates explanations about the quartos interrelationship supposing that the first quarto published 1603 was reconstructed from memory by one or more actors who had performed minor roles in a version of the second quarto published 1604 5 The present study reports on a detailed linguistic reassessment of the principal arguments for memorial reconstruction The evidence including a three way comparison between the underlying French source in Les Histoires Tragiques and the two quartos and the informal features and specific grammatical aspects and a documented memorial reconstruction in 1779 does not support the dominant hypothesis The cumulative evidence suggests that the earliest scholars to examine the first quarto were right the 1603 Hamlet came first and the second quarto is a substantial later revision Textual Formations and Reformations Laurie E. Maguire,Thomas L. Berger,1998 This volume analyzes the development of textual theory and practice in the twentieth century questioning not just the assumptions and methodologies of textual study but the very genesis of textual study and current definitions of the field Each contributor tackles a specific theoretical or practical issue in essays that cover feminist practice editorial procedure political ideology practical dramaturgy and sixteenth and twentieth century history The result is a volume at once wide ranging and detailed of interest and value to cultural historians as well as to textual scholars Shakespeare Survey Stanley Wells,Jonathan Bate,2002-11-28 The first fifty volumes of this yearbook of

Shakespeare studies are being reissued in paperback **The First Quarto of Hamlet** William Shakespeare,1998 The first quarto of Hamlet is radically different from the second quarto and Folio versions of the play and about half their length But despite its uneven verbal texture and simpler characterisation the first quarto presents its own workable alternatives to the longer texts reordering and combining key plot elements and even including a unique scene between Horatio and the Queen This new critical edition is designed for students scholars and actors who are intrigued by the first printed text of Shakespeare's Hamlet Although the first quarto has been reprinted many times there is no other modernised edition in print Itrace's introduction outlines views of its origins its special features and its surprisingly rich performance history her textual notes point out differences between the first quarto and the longer second quarto and Folio versions and offer alternatives which actors or directors might choose for specific productions The Corrupting Influence of the Bad Quarto on the Received Text of Romeo and Juliet Richard Hosley,1953 Shakespeare, Co-author Brian Vickers,2004 No issue in Shakespeare studies is more important than determining what he wrote For over two centuries scholars have discussed the evidence that Shakespeare worked with co authors on several plays and have used a variety of methods to differentiate their contributions from his In this wide ranging study Brian Vickers takes up and extends these discussions presenting compelling evidence that Shakespeare wrote Titus Andronicus together with George Peele Timon of Athens with Thomas Middleton Pericles with George Wilkins and Henry VIII and The Two Noble Kinsmen with John Fletcher In Part One Vickers reviews the standard processes of co authorship as they can be reconstructed from documents connected with the Elizabethan stage and shows that every major and most minor dramatists in the Elizabethan Jacobean and Caroline theatres collaborated in getting plays written and staged This is combined with a survey of the types of methodology used since the early nineteenth century to identify co authorship and a critical evaluation of some stylometric techniques Part Two is devoted to detailed analyses of the five collaborative plays discussing every significant case made for and against Shakespeare's co authorship Synthesizing two centuries of discussion Vickers reveals a solidly based scholarly tradition building on and extending previous work identifying the co authors contributions in increasing detail The range and quantity of close verbal analysis brought together in Shakespeare Co Author present a compelling case to counter those conservators of Shakespeare who maintain that he is the sole author of his plays **A Concise Companion to Shakespeare and the Text** Andrew R. Murphy,2010-03-08 A Concise Companion to Shakespeare and the Text introduces the early editions editing practices and publishing history of Shakespeare's plays and poems and examines their influence on bibliographic studies as a whole The first single volume book to provide an accessible and authoritative introduction to Shakespearean bibliographic studies Includes a helpful introduction notes on Shakespeare's texts and a useful bibliography Contributors represent both leading and emerging scholars in the field Represents an unparalleled resource for both students and faculty The First Quarto of Othello William Shakespeare,2001-08-16 This is the first modernized and edited version of the 1622 text of Othello It consists of a

detailed introduction quarto text select collation and textual notes and is an important book for scholars in Shakespeare and Elizabethan Jacobean drama with wide ramifications for other Shakespeare textual studies and for students of early theatre history **The Bad Quarto** William Shakespeare,2015 **The Bedford Companion to Shakespeare** Russ McDonald,2001-02-20 Providing a unique combination of well written up to date background information and intriguing selections from primary documents The Bedford Companion to Shakespeare introduces students to the topics most important to the study of Shakespeare in their full historical and cultural context This new edition contains many new documents particularly by women and other marginalized voices from the early modern period There is also a new chapter on Shakespeare in performance which introduces students to the great variety of productions of Shakespeare s works over the centuries **English Studies** Reinard Willem Zandvoort,1924 *Shakespeare as Literary Dramatist* Lukas Erne,2003-03-13 In this 2003 study Lukas Erne argues that Shakespeare apart from being a playwright who wrote theatrical texts for the stage was also a literary dramatist who produced reading texts for the page The usual distinction that has been set up between Ben Jonson on the one hand carefully preparing his manuscripts for publication and Shakespeare the man of the theatre writing for his actors and audience indifferent to his plays as literature is questioned in this book Examining the evidence from early published playbooks Erne argues that Shakespeare wrote many of his plays with a readership in mind and that these literary texts would have been abridged for the stage because they were too long for performance The variant early texts of Romeo and Juliet Henry V and Hamlet are shown to reveal important insights into the different media for which Shakespeare designed his plays
