Ellerman,2010-06-02 Reflecting on his experience in the clinical trenches a pragmatic existential therapist offers a provocative study of power erotic influence and illusion in the clinical relationship Written in a conversational style that makes a challenging subject accessible to specialists in the clinical professions teachers and students of the psychological disciplines and scholars in the humanities and social sciences

Enchantments of the Clinic introduces readers to interesting ways in which language ideas and speech as well as illusions of the clinical station enable therapists to cast an unintentional spell that captivates and charms unsuspecting patients Exposing this suggestive underworld of clinical experience where the high stakes game of persuasive dialogical therapy is often won or lost critical attention is focused on the erotization of the clinic the erotization of the clinician and the erotization of clinical confession Using dramatic examples from clinical practice Carl P Ellerman challenges prevailing dogmas of the therapeutic to demonstrate his thesis that enchantments of the clinic facilitate psychological healing if managed well but if mismanaged these volatile erotic enchantments may undermine the struggle against emotional illness in the clinical trenches This ambitious study of the clinical relationship also addresses the disturbing fact that we are dwelling in a postmodern era

in which clinical nihilism is flourishing Ellerman conceives the dialogical therapist as a potentially dangerous ethically vulnerable therapeutic artiste whose strategic encounters in the postmodern clinic may be likened to aesthetic experiences in which an education to reality and a love of truth are obsolete or irrelevant notwithstanding a clinical masquerade that reinforces in spellbound patients a blind trust in the phantastic therapist's honesty truthfulness and intellectual integrity Embracing the Socratic mystique Ellerman offers a vigorous philosophic critique of clinical nihilism *The Scarlet Letter and Other Writings (Second International Student Edition) (Norton Critical Editions)* Nathaniel Hawthorne, 2017-02 This perennially popular Norton Critical Edition has been revised to reflect the most current scholarly approaches to *The Scarlet Letter* Hawthorne's most widely read novel as well as to the five short prose works *Mrs Hutchinson* *Endicott and the Red Cross* *Young Goodman Brown* *The Minister's Black Veil* and *The Birthmark* that closely relate to the 1850 novel This Second Norton Critical Edition also includes Revised and expanded explanatory footnotes a new preface and a note on the text by Leland S Person Key passages from Hawthorne's notebooks and letters that suggest the close relationship between his private and public writings Seven new critical essays by Brook Thomas Michael Ryan Thomas R Mitchell Jay Grossman Jamie Barlowe John Ronan and John F Birk A Chronology and revised and expanded Selected Bibliography **TDQs: Strategies for Building Text-Dependent Questions** Hathaway, Jessica, 2017-03-01 Use effective questions across all grade levels to improve comprehension This innovative resource provides teachers with the tools needed to effectively instruct using text dependent questions It contains current research and sample text dependent questions and prompts to aide teachers in creating high quality questions for any piece of literary or informational text Sample reading passages and student resources provide an excellent guide for teachers in creating their own questions or for students as they practice using evidence from the text to support and verify their responses and build deeper comprehension as called for in today's standards **Scarlet Letter Study Guide** Nathaniel Hawthorne, 1999-01-01 A gripping tale of secret sin and ruthless revenge Criminal Law Markus Dubber, Tatjana Hörnle, 2014-03-27 *Criminal Law A Comparative Approach* presents a systematic and comprehensive analysis of the substantive criminal law of two major jurisdictions the United States and Germany Presupposing no familiarity with either U S or German criminal law the book will provide criminal law scholars and students with a rich comparative understanding of criminal law's foundations and central doctrines All foreign language sources have been translated into English cases and materials are accompanied by heavily cross referenced introductions and notes that place them within the framework of each country's criminal law system and highlight issues ripe for comparative analysis Divided into three parts the book covers foundational issues such as constitutional limits on the criminal law before tackling the major features of the general part of the criminal law and a selection of offences in the special part Throughout readers are exposed to alternative approaches to familiar problems in criminal law and as a result will have a chance to see a given country's criminal law doctrine on specific issues and in general from the critical distance of comparative analysis *Hawthorne's Shyness* Clark
