Twenty-First-Century Readings of E. M. Forster's 'Maurice' Emma Sutton, Tsung-Han Tsai, 2020-03-26 This is the first book length study of Forster's posthumously published novel Nine essays focus exclusively on Maurice and its dynamic afterlives in literature film and new media during the twentieth and twenty first centuries Begun in 1913 and revised over almost fifty years Maurice became a defining text in Forster's work and a canonical example of queer fiction Yet the critical tendency to read Maurice primarily as a revelation of Forster's homosexuality has obscured important biographical political and aesthetic contexts for this novel This collection places Maurice among early twentieth century debates about politics philosophy religion gender Aestheticism and allegory Essays explore how the novel interacts with literary predecessors and contemporaries including John Bunyan Oscar Wilde Havelock Ellis and Edward Carpenter and how it was shaped by personal relationships such as Forster's friendship with Florence Barger They close read the textual variants of Forster's manuscripts and examine the novel's genesis and revisions They consider the volatility of its reception analysing how it galvanizes subsequent generations of writers and artists including Christopher Isherwood Alan Hollinghurst Damon Galgut James Ivory and twenty first century online fanfiction writers What emerges from the volume is the complexity of the novel as a text and as a cultural phenomenon

Being the Body of Christ Chris Mounsey, 2014-09-19 The book explores the preoccupation of key twentieth century English writers with theology and sexuality and how the Anglican Church has responded and continues to respond to the issue of homosexuality Analysing the work of Oscar Wilde E F Benson Edward Carpenter Jeanette Winterson and Alan Hollinghurst the book explores the literary tradition of exasperation at the church's obduracy against homosexuality

London, Queer Spaces and Historiography in the Works of Sarah Waters and Alan Hollinghurst Júlia Braga Neves, 2022-10-07 Queer spaces are crucial for the construction of LGBTQ communities as they constitute places where queer subjects can create political social and affective alliances Júlia Braga Neves shows how these spaces are pivotal

for the representation of queer history in the fictional works by the British authors Sarah Waters and Alan Hollinghurst whose characters and plots are articulated through and within London's sexual geographies. Considering the intersection between gender, sexuality and class, this study engages with spatial, queer, feminist and Marxist theories as a means to reflect on London queer historiography and the relationship between subject and urban space. *Alan Hollinghurst* Michele Mendelssohn, Denis Flannery, 2016-07-08. This groundbreaking cross-generic collection is the first to consider the entire breadth of Alan Hollinghurst's Booker Prize-winning writing. Focused through the concept of influence, the volume addresses critical issues surrounding the work of Britain's most important contemporary novelist. It encompasses provocative and timely subjects ranging from gay visual cultures and representations to Victorian modernist and contemporary literature as well as race and empire, theatre and cinema, eros and economics. The book reveals the fascinating intellectual and affective matter that lies beneath the polished control and dazzling style of Hollinghurst's work. Alongside contributions by distinguished British and American critics, the book includes an unpublished interview with Hollinghurst. *Alan Hollinghurst: Writing under the influence* uses a creative range of critical approaches to provide the most authoritative and innovative account available of Hollinghurst's works. *Sex and Sensibility in the Novels of Alan Hollinghurst* Mark Mathuray, 2017-05-26. Winner of the British Association for Contemporary Literary Studies (BACLS) 2017 Edited Collection Prize. This book is a challenging and engaging collection of original essays on the novels of Alan Hollinghurst, Britain's foremost gay writer and the English novel's master stylist. The essays engage the precarious and shifting relationship between sex and literary sensibility in his novels and thus also attempt to establish the parameters of a new critical discourse for future research on Hollinghurst's novel, queer theory and the contemporary literary representations of masculinity and sexuality. By coupling the consideration of Hollinghurst's aesthetics, his sensuously evocative style to an interrogation of the social, political and sexual currents in his texts, the contributors of this collection provide distinctive interpretations of Hollinghurst's novels from his uncovering of a gay artistic heritage to his re-signification of earlier English literary styles from his engagement with the Symbolist *fin de siècle* to his critique of aestheticism etc., whilst paying close attention to the formally innovative qualities of his texts. *Gay Fiction Speaks* Richard Canning, 2001-01-18. Today's most celebrated prominent and promising authors of gay fiction in English explore the literary influences and themes of their work in these revealing interviews with Richard Canning. Though the interviews touch upon a wide range of issues including gay culture, AIDS, politics, art and activism, what truly distinguishes them is the extent to which Canning encourages the authors to reflect on their writing practices, published work, literary forebears and their writing peers. Gay and straight Edmund White talks about narrative style and the story behind the cover of *A Boy's Own Story*; Armistead Maupin discusses his method of writing and how his work has adapted to television; Dennis Cooper thinks about L.A. AIDS; Try and pop music; Alan Hollinghurst considers structure and point of view in *The Folding Star* and why *The Swimming Pool Library* is exactly 366 pages long; David Leavitt muses on the identity of the

gay reader and the extent to which that readership defined a tradition Andrew Holleran wonders how he might have made *The Beauty of Men* more forlorn romantic lost by writing in the first person

The Promise of Welfare in the Postwar British and Anglophone Novel Kelly M. Rich, 2023-07-13 *The Promise of Welfare in the Postwar British Novel* offers a new literary history of the Second World War and its aftermath by focusing on wartime visions of rebuilding Britain Shifting attention from the People's War to the People's Peace this book shows that literature returns to the historic transition from warfare to welfare to narrate its transformative social potential and darker failures The welfare state envisioned that managing individuals private lives would result in a more coherent and equitable community a promise encapsulated in the 1942 Beveridge Report's promise of care from the cradle to the grave The postwar novel reveals the intimate effects that follow when infrastructures of collective living seek to organize social interaction tracing these effects through quasi-administrated home spaces such as girls' hostels, makeshift sanatoria and experimental schools Mid-century writers including Elizabeth Bowen, Muriel Spark and Samuel Selvon used the militarized Home Front to present postwar Britain as a zone of lost privacy and new collective logics As the century progressed and as the unrealized dreams of welfare came to be dismantled authors including Alan Hollinghurst, Michael Ondaatje and Kazuo Ishiguro registered an unfulfilled nostalgia for a Britain that never was situating British domestic policies within trajectories of historic and social violence Contemporary fiction continues to reanimate the transition from a warfare state to a welfare state preserving its transformative potential while redefining its possible futures With this long view of postwar fiction this volume demonstrates the holding power of welfare's promises of repair and Britain's mid-century on the British cultural imagination

Something Inside Philip Gambone, 1999 In the last twenty years gay literature has earned a place at the American and British literary tables spawning its own constellation of important writers and winning a dedicated audience No one though until Philip Gambone has attempted to offer a collective portrait of our most important gay fiction writers This selection of interviews attempts just that and is notable both for the depth of Gambone's probing conversations and for the sheer range of important authors included Allen Barnett, Christopher Bram, Peter Cameron, Bernard Cooper, Dennis Cooper, Michael Cunningham, Brad Gooch, Joseph Hansen, Scott Heim, Andrew Holleran, Alan Hollinghurst, Brian Keith, Jackson Randall, Kenan, David Leavitt, Michael Lowenthal, Paul Monette, Michael Nava, David Plante, John Preston, Lev Raphael, Edmund White

Sounds English Nabeel Zuberi, 2001 Zuberi looks at how the sounds, images and lyrics of English popular music generate and critique ideas of national belonging recasting the social and even the physical landscapes of cities like Manchester and London The Smiths and Morrissey play on romanticized notions of the white English working class while the Pet Shop Boys map a queer urban Britain in the AIDS era The techno culture of raves and dance clubs incorporates both an anti-institutional do-it-yourself politics and emergent leisure practices while the potent mix of technology and creativity in British black music includes local conditions as well as a sense of global diaspora British Asian musicians drawing on Afrodiasporic and South Asian traditions seek a sense of place in Britain as commercial

interests try to pin down an image of them to market Sounds English shows how popular music complicates cherished notions of Englishness as it activates cultural outsiders and taps into a sense of not belonging BOOK JACKET *Alan Hollinghurst and the Vitality of Influence* Allan Johnson,2014-04-09 Alan Hollinghurst and the Vitality of Influence proposes a striking approach for reading the influences that interlace twentieth century gay British writers Focusing on the role of the textual image in literary influence this book moves toward a new understanding of the interpenetration of literary and visual culture in the twentieth century Contemporary Queer Modernism Melanie Micir,2025-04-16 Contemporary Queer Modernism offers a fresh interdisciplinary approach to the study of the intersections of queer studies and modernist studies The theoretical expansiveness and mutual overlapping of these still growing fields is both introduced and complicated in the pages of this volume Presenting a wide range of critical perspectives the collection brings together original scholarship from both emerging and established scholars that when read together demonstrates the continued vitality of queer modernist studies The book is divided into five parts Temporality Form Embodiment Networks Affect and Atmosphere Contemporary Queer Modernism is a foundational collection that will be invaluable to scholars and students studying modernism and queer theory across a range of disciplines including gender and sexuality studies literary studies cultural studies and performance

The Cambridge Companion to Gay and Lesbian Writing Hugh Stevens,2011 In the last two decades lesbian and gay studies have transformed literary studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature
