A Forbidden Street King's Love Story 2 Sunny Giovanni,2016-12-09 Transition isn t easy especially when you have to migrate to a whole other state after so many truths had been exposed and all betrayers have been shown as who they really are But is there even more underneath the surface than what was already confessed Nio critically injured by the rest of the crew is not only fighting for his life but some type of truth to be told after all was said and done Was Dante lying about the events of the past just to get closer to Drea Was he fabricating some of the wrongful things that his brother may

have done just to steal the attention of the crew and to gain more riches and reach for himself Drea herself has a hard time transitioning while readying herself for a divorce but it seems as though the more she peels back about her own reality the more she finds out Trina and Flame still balancing home life and worried about the future of their money try their best to keep everyone together all until they receive a visit from Trina's sister Tahiry With City living with them a new love seems to blossom but it isn't as easy as it seems with Tahiry being as hard up as her younger sister Trina When Nadia slithers her way back into the picture it might as well be a fight to the finish to win over the City Slicker's love Smalls and Alaina are as excited as ever to move back home to Brooklyn yet it opens old wounds and remind them of all they had yet to conquer together Could they join the growing number of couples who could possibly call it quits before it's too late All of the drama comes to a head and even more secrets and tall tales are exposed in this explosive finale Plenty of blood will be shed before it's all over For the women it will definitely teach them that there are consequences of choosing a forbidden street king

Appreciation Post Tara Ward, 2024-04-30 What does an art history of Instagram look like In this text Tara Ward addresses this question to show that Instagram is best understood as a structure of the visual which includes not just the process of looking but what can be seen and by whom Tracing the platform's own mythology for how it will be integrated into users' lives Appreciation Post highlights the ways the constraints imposed by the experience of viewing limit the kinds of selves that can be presented on it showing how the proliferation of technical knowledge especially amongst younger women has produced a revitalization of the myth of the masculine genius and a corresponding reinvigoration of masculine audience for art Ward prompts contemplation of the meaning of various aspects of Instagram and the deliberate choices on the part of actual Instagrammers exploring what it is like to scroll through images on a phone the skill involved in taking an Instagram worthy picture and the desires created by following influencers This approach reveals how Instagram is shifting long established ways of interacting with images and makes an argument for art history's value as a way of understanding the contemporary world and the visual nature of identity today
