The Shadow Out of Time Illustrated H P Lovecraft, 2020-10-28 *The Shadow Out of Time* is a novella by American horror fiction writer H P Lovecraft. Written between November 1934 and February 1935, it was first published in the June 1936 issue of *Astounding Stories*. The story describes time and space travel by mind transfer. The premise is that a person in a given place and time can switch bodies with someone who is elsewhere or elsewhere. Other writers have re-used this concept in later works such as drinking tea from Red Forest leaves in the *12 Monkeys* TV series and long-range communication stones in the *Stargate SG-1* television series. As with other Lovecraftian works, this story features blatantly alien beings that aren't simply variations on humans or other familiar terrestrial animals.

The Shadow Out of Time Illustrated Howard Phillips Lovecraft, 2020-09-25 *The Shadow out of Time* is H P Lovecraft's last major story. It was first published in *Astounding Stories* for June 1936. And yet this text has never been published as Lovecraft wrote it until now. The recent discovery of Lovecraft's handwritten manuscript allows readers to appreciate this magnificently cosmic story exactly as originally written. All previous editions of the story contain hundreds of serious errors, including errors in paragraphing, omissions and mistranscriptions of many words and passages, and erroneous punctuation. Leading Lovecraft scholars S T Joshi and David E Schultz have provided an exhaustive introduction and commentary on the story, elucidating names, places, and other elements in this richly evocative story. A must for all devotees of Lovecraft and weird fiction.
