of your tattoo as a charged body talisman or a portal into your spiritual self Ancient cultures practicing shamanic tattooing laid the groundwork for our modern exploration of consciousness Tattoos are both a revelation and a proclamation of your embodied archetypes dreams emotions even a hint of past life memories Conscious Ink shows how this edgy skin art interfaces with our body's subtle energy field and reveals how tattoo imagery ties into the potent energy of inner alchemy that expands our self awareness Are you prepared to Find out how why intention is the moving force behind your tattoo's vibration Do you bring on good luck or bad juju Understand why the piercing of your skin and drawing of blood forms a symbolic link into the energy field of your tattooist Explore how tattoos reveal past life current life emotional memory Discover how tattoos can shift the emotional energy stored in certain body areas Mindful inking can be an amazing modality that awakens your spiritual self Looking at tattoos beyond the lens of body art Conscious Ink gives you a new perspective on tattoos and their undeniable roots in pure magic and mysticism

God's Reflections Ronald Ian Phillips, Ernest

Schmidt, David Grotzke, Seth Grotzke, 2022-04-07 Using a unique and ground breaking approach that combines religion with American history these four authors masterfully present a thoroughly researched and captivating account of fifty two inspirational stories of America's exceptionalism intricately woven with God's truths Each story connects the life giving honesty of the American people with a life shaping application from the gospel Individuals interested in the history of the United States or Christianity and looking for an overarching account of what unites us as Americans and believers will be enthralled by these inspiring stories of struggles and triumphs We are not the light just the reflection if we stand close enough to the Source The further we move away from God's will for our lives the more we stumble in the dark But as believers we know there is an all powerful force that will lift us up and help us to walk in the light The goal of God's Reflections Biblical Insight from America's Story is to draw Christians closer to the light source so they can radiate brighter in their service to God and their country and be part of the greatest rescue mission of all making disciples for Jesus Christ

Teaching the I Ching (Book of Changes) Geoffrey Redmond, Tze-Ki Hon, 2014-09-01 Chinese traditional culture cannot be understood without some familiarity with the I Ching yet it is one of the most difficult of the world's ancient classics Assembled from fragments with many obscure allusions it was the subject of ingenious but often conflicting interpretations over nearly three thousand years Teaching the I Ching Book of Changes offers a comprehensive study at a time when interest in Asian philosophy and the culture of China is on the rise Still widely read in China it has become a countercultural classic in the West Recent scholarship has radically altered our understanding of this foundational work Geoffrey Redmond and Tze Ki Hon present an up to date survey of recent studies including reconstruction of the early meanings excavated manuscripts the New Culture Movement and the Cultural Revolution To facilitate introducing the classic to students the necessary background is provided for university teachers and students even non China specialists The teaching approaches described will foreground the otherness of the classic yet engage the interests of twenty first century

students Rather than dismissing the text s popular association with divination they explain why this mode of human thought has persisted for millennia Thus Redmond and Hon mediate between the two extreme views of the classic a source of timeless ancient wisdom on the one hand and a historical curiosity on the other Teaching the I Ching Book of Changes makes this important classic accessible to a broad readership thus providing a crucial service for those interested in China early civilization and world religion Now anyone with a serious interest can understand a text that continues to have a decisive influence on Chinese and world culture three thousand years after its original composition
