

MARK SCHEME for the November 2005 question paper

9702 PHYSICS

9702/04

Core

maximum raw mark 50

This mark scheme is published so as to aid teachers and students to understand the requirements of the examination. It shows the basis on which Examiners were initially instructed to award marks. It does not include the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arise from these discussions will be recorded in the published Report on the Examination.

All Examiners are instructed that alternative correct answers and unsolicited approaches to candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the Report on the Examination.

The minimum marks in these components needed for various grades were previously published with these mark schemes, but are now repeated included in the Report on the Examination for the session.

4. CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the November 2005 question papers for most AICE, and CCE, Advanced Level and Advanced Subsidiary Level syllabuses and some Challenge Level syllabuses.
