Vietnam Explaining Americas Lost War:

Vietnam Gary R. Hess, 2009 This work examines the historiography of the Vietnam War which still polarises opinion today It describes and evaluates the main arguments of scholars participants and journalists and questions whether the war was inherently doomed to failure or was lost due to inept strategy poor leadership and a biased media **The New**

Counter-insurgency Era in Critical Perspective Celeste Ward Gventer, M.L.R Smith, 2014-01-21 The notion of counter insurgency has become a dominant paradigm in American and British thinking about the wars in Iraq and Afghanistan This volume brings together international academics and practitioners to evaluate the broader theoretical and historical factors that underpin COIN providing a critical reappraisal of counter insurgency thinking A Companion to Lyndon B. Johnson Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President

Withdrawal Gregory A. Daddis, 2017-09-01 In a riveting sequel to his celebrated Westmoreland s War Daddis offers a bold new interpretation of America s first lost war Upending myths of a better war that led to victory in Vietnam Withdrawal is required reading for anyone hoping to understand the final years of American intervention in Southeast Asia **Elbridge**

Durbrow's War in Vietnam Ronald Bruce Frankum, Jr., 2019-09-09 Elbridge Durbrow served as the third United States ambassador to the Republic of Vietnam from 1957 to 1961 His relationships with Vietnamese president Ngo inh Di m and members of the Military Assistance Advisory Group in Saigon helped to shape his tenure in office which ultimately concluded with his decision to end his support for the Vietnamese leader as well as turn away from the American military representatives who had earned Ngo inh Di m s trust This triangular relationship was mired in clashes of ego and personality that often interfered with the American decision making process Durbrow and his embassy staff rather than work with the Vietnamese leadership chose to focus on the negative and reported to Washington only those items that reinforced this perspective They created an atmosphere of distrust and anxiety that neither the Americans nor Vietnamese could overcome in the 1960s and helped to create the conditions for greater United States involvement in Southeast Asia Imperialism and

the Developing World Atul Kohli, 2020 How did Western imperialism shape the developing world Atul Kohli tackles that question by analyzing British and American influence on Asia Africa the Middle East and Latin America from the age of the British East India Company to the most recent U S war in Iraq How did Western imperialism shape the developing world In Imperialism and the Developing World Atul Kohli tackles this question by analyzing British and American influence on Asia Africa the Middle East and Latin America from the age of the British East India Company to the most recent U S war in Iraq

He argues that both Britain and the U S expanded to enhance their national economic prosperity and shows how Anglo American expansionism hurt economic development in poor parts of the world To clarify the causes and consequences of modern imperialism Kohli first explains that there are two kinds of empires and analyzes the dynamics of both Imperialism can refer to a formal colonial empire such as Britain in the 19th century or an informal empire wielding significant influence but not territorial control such as the U S in the 20th century Kohli contends that both have repeatedly undermined the prospects of steady economic progress in the global periphery though to different degrees Time and again the pursuit of their own national economic prosperity led Britain and the U S to expand into peripheral areas of the world Limiting the sovereignty of other states and poor and weak states on the periphery in particular was the main method of imperialism For the British and American empires this tactic ensured that peripheral economies would stay open and accessible to Anglo American economic interests Loss of sovereignty however greatly hurt the life chances of people living in Asia the Middle East Africa and Latin America As Kohli lays bare sovereignty is an economic asset it is a precondition for the emergence of states that can foster prosperous and inclusive industrial societies

Between War and Peace Matthew Moten, 2012-01-10
A U S Military Academy historian analyzes America's exit strategies in conflicts ranging from the American Revolution to the Gulf War providing fifteen essays by leading authorities to offer insight into each war's goals campaigns and legacies

The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20
Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today's world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO

Kissinger, Angola and US-African Foreign Policy Steven O'Sullivan, 2019-07-25
Analysing US foreign policy towards Angola during the Ford administration this book provides an intriguing insight into one of the most avoidable and unfortunate episodes in Cold War history and explores the impact on Henry Kissinger's much vaunted reputation for being guided by realist principles Kissinger has dominated political discourse and scholarship on US foreign policy since the 1970s

but although his legacy continues to generate controversy little attention has been paid to the influence of Vietnam's collapse on the US decision to covertly intervene in the Angolan civil war This book argues that Kissinger's concern for personal reputation and US credibility following the collapse of Vietnam led to a harmful and unrealistic policy toward Angola Exposure of US covert intervention exacerbated domestic and international political tensions and the subsequent showdown between the executive and legislative branches ironically resulted in Kissinger proclaiming a new departure in US African relations Thus it is argued that Kissinger was an unintentional realist rather than an intellectual proponent of realpolitik Enhancing our understanding of Kissinger his relationship with his subordinates and with Congress and his approach to foreign policy this book will be of interest to scholars of Cold War history US foreign policy and all those fascinated by the personality of Henry Kissinger

Public Opinion and Twentieth-Century Diplomacy Daniel Hucker, 2020-02-20 Public Opinion and 20th Century Diplomacy explores both the influence of public opinion on diplomatic decision making in international history and its emergence as a legitimate field of study for international historians The book uses five case studies to examine the impact of public opinion on the high politics of diplomacy Incorporating a variety of methodological approaches the book looks at British policy at the Paris Peace Conference French policy in the era of 1930s appeasement Policy choices of the US during the Vietnam War Global responses to apartheid era South Africa Public attitudes across the EU regarding European integration This book demonstrates the vibrancy of public opinion research to date and the possibilities for future lines of study

Conventional and Unconventional War Thomas R. Mockaitis, 2017-02-13 This volume offers a comprehensive history of warfare since 1648 covering conventional and unconventional operations and demonstrating how most modern wars have been hybrid affairs that involved both Military historian Thomas R Mockaitis considers how epic struggles like the American Civil War World Wars I and II and the conflicts in the Middle East among many others shaped human history The coverage serves to highlight four themes the relationship between armed forces and the societies that create them the impact of technology not just armaments on warfare the role of ideas and attitudes toward violence in determining why and how wars are fought and the relationship between conventional and unconventional operations The book also covers the advent and evolution of unconventional warfare including counterinsurgency the War on Terror and current conflicts in the Middle East It concludes with consideration of the forms armed conflict will take in the future The book includes valuable excerpts from the writings of military thinkers such as Clausewitz and Sun Tzu an extensive bibliography of primary and secondary sources and supporting maps and diagrams

Explaining Traditions Simon J. Bronner, 2011-08-26 Why do humans hold onto traditions Many pundits predicted that modernization and the rise of a mass culture would displace traditions especially in America but cultural practices still bear out the importance of rituals and customs in the development of identity heritage and community In *Explaining Traditions Folk Behavior in Modern Culture* Simon J Bronner discusses the underlying reasons for the continuing significance of traditions delving into their

social and psychological roles in everyday life from old time crafts to folk creativity on the Internet Challenging prevailing notions of tradition as a relic of the past Explaining Traditions provides deep insight into the nuances and purposes of living traditions in relation to modernity Bronner s work forces readers to examine their own traditions and imparts a better understanding of raging controversies over the sustainability of traditions in the modern world Into the Fray Tom Mascaro,2012 2012 James W Tankard Book Award Winner From 1961 to 1989 a committed group of documentary journalists from the National Broadcasting Company NBC reported the stories of America s overseas conflicts Stuart Schulberg supplied film evidence to prosecute Nazi war criminals and established documentary units in postwar Berlin and Paris NBC newsman David Brinkley created the template for prime time news in 1961 and bore the scars to prove it In 1964 Ted Yates and Bob Rogers produced a documentary warning of the pitfalls in Vietnam Yates was later shot and killed in Jerusalem on the first day of the Six Day War while producing a documentary for NBC News In Into the Fray Tom Mascaro vividly recounts the characters and experiences that helped create a unique colorful documentary film crew based at the Washington bureau of NBC News From the Kennedy era through the Reagan years the journalists covered wars rebellions the Central Intelligence Agency covert actions the Pentagon military preparedness and world and American cultures They braved conflicts and crises to tell the stories that Americans needed to see and hear and in the process they changed the face of journalism Mascaro also looks at the social changes in and around the unit itself including the struggles and triumphs of women and African Americans in the field of television documentary Into the Fray is the story of adventure loyalty to reason and life and death in the service of broadcast journalism **OCR A Level History: The Cold War in Asia 1945-1993 and the Cold War in Europe 1941-1995** Nicholas Fellows,Richard MacFarlane,Andrew Holland,Mike Wells,2018-08-28 Exam board OCR Level A Level Subject History First teaching September 2015 First exams AS Summer 2016 A Level Summer 2017 An OCR endorsed resource Successfully cover Unit Group 2 with the right amount of depth and pace This bespoke series from the leading History publisher follows our proven and popular approach for OCR A Level blending clear course coverage with focused activities and comprehensive assessment support Develops understanding of the period through an accessible narrative that is tailored to the specification content and structured around key questions for each topic Builds the skills required for Unit Group 2 from explanation assessment and analysis to the ability to make substantiated judgements Enables students to consolidate and extend their topic knowledge with a range of activities suitable for classwork or homework Helps students achieve their best by providing step by step assessment guidance and practice questions Facilitates revision with useful summaries at the start and end of each chapter Ensures that students understand key historical terms and concepts by defining them in the glossary **The Israel-Palestine Conflict** Neil Caplan,2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli Palestinian conflict Numerous instances of

competing sometimes incompatible narratives of controversial events are found throughout history Perhaps the starkest example of such contradictory representations is the decades long conflict between Israel and Palestine For over 140 years Israelis Palestinians and scores of peacemakers have failed to establish a sustainable mutually acceptable solution The Israel Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested Now in its second edition this book has been thoroughly updated to reflect the events that have transpired since its original publication Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation New discussions address recent debates over two state versus one state solutions growing polarization in public discourse outside of the Middle East the role of public intellectuals and the growing trend of merging scholarship with advocacy Part of the Wiley Blackwell Contested Histories series this clear and accessible volume Offers a balanced non polemic approach to current academic discussions and political debates on the Israel Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East The Israel Palestine Conflict is an indispensable resource for students scholars and interested general readers

Searching for New Frontiers Rick Worland, 2018-04-30 Searching For New Frontiers offers film students and general readers a survey of popular movies of the 1960s The author explores the most important modes of filmmaking in times that were at once hopeful exhilarating and daunting The text combines discussion of American social and political history and Hollywood industry changes with analysis of some of the era s most expressive movies The book covers significant genres and evolving thematic trends highlighting a variety of movies that confronted the era s major social issues It notes the stylistic confluence and exchanges between three forms the traditional studio movie based on the combination of stars and genres low budget exploitation movies and the international art cinema As the author reveals this complex period of American filmmaking was neither random nor the product of unique talents working in a vacuum The filmmakers met head on with an evolving American social conscience to create a Hollywood cinema of an era defined by events such as the Vietnam War the rise of the civil rights movement and the moon landing

Liberal Democracies at War Andrew Knapp, Hilary Footitt, 2013-08-01 Liberal democracies have always accepted the need to go to war despite the fact that war can undermine liberal values Wars may be won or lost not only on the battlefield but in the perceptions of the publics who pay for them Presentation is therefore increasingly important Starting with the First World War the first major war fought by liberal democracies after the emergence on mass media *Liberal Democracies at War* explores the relationship between representations of liberal violence and the ways in which the liberal state understands

rights in war Experts in the field explore crucial questions such as How have the violences of war perpetrated in their names been communicated to publics of liberal democracies How have representations of conflict changed over time How far have the victims of liberal wars been able to insert their stories into the record The Vietnam War Re-Examined Michael Kort,2018 An overview of the revisionist case on the Vietnam War showing how it could have been won by the US at a lower cost than was suffered in defeat *Churchill, Eden and Indo-China, 1951-1955* Nông Văn Dân,2011 Churchill Eden and Indo China 1951 1955 offers a systematic approach to pertinent international politics providing a historiography and assessing the impact of events such as the Cold War and the Second World War within the context of the governments of Churchill and Eden Revisiting Churchill s wartime helmsmanship in order to shed further light on his post war administration N ng D n provides a greater historical awareness of the broad international context of decolonized Indo China and South East Asia

Pathological Counterinsurgency Samuel R. Greene,2018-06-29 Pathological Counterinsurgency critically examines the relationship between elections and counterinsurgency success in third party campaigns supported by the United States From Vietnam to El Salvador to Iraq and Afghanistan many policymakers and academics believed that democratization would drive increased legitimacy and improved performance in governments waging a counterinsurgency campaign Elections were expected to help overcome existing deficiencies thus allowing governments supported by the United States to win the hearts and minds of its populace undermining the appeal of insurgency However in each of these cases campaigning in and winning elections did not increase the legitimacy of the counterinsurgent government or alter conditions of entrenched rent seeking and weak institutions that made states allied to the United States vulnerable to insurgency Ultimately elections played a limited role in creating the conditions needed for counterinsurgency success Instead decisions of key actors in government and elites to prioritize either short term personal and political advantage or respect for political institutions held a central role in counterinsurgency success or failure In each of the four cases in this study elected governments pursued policies that benefited members of the government and elites at the expense of boarder legitimacy and improved performance Expectations that democratization could serve as a key instrument of change led to unwarranted optimism about the likely of success and ultimately to flawed strategy The United States continued to support regimes that continued to lack the legitimacy and government performance needed for victory in counterinsurgency

As recognized, adventure as capably as experience roughly lesson, amusement, as competently as arrangement can be gotten by just checking out a books **Vietnam Explaining Americas Lost War** afterward it is not directly done, you could admit even more concerning this life, nearly the world.

We have the funds for you this proper as competently as simple way to acquire those all. We have the funds for Vietnam Explaining Americas Lost War and numerous book collections from fictions to scientific research in any way. among them is this Vietnam Explaining Americas Lost War that can be your partner.
