Education Linda S. Levstik,Keith C. Barton,2018-02-06 The authors research is well known and among the most important American works being done on how children learn history It is thus a great idea to gather this pivotal research in one place The volume offers a new perspective through the authors reflections on the research process It is profound without pomposity ideal for the intended audience the tone is just right There really isn t another book that does what this one does Stephen J Thornton University of South Florida Researching History Education combines a selection of Linda Levstik s and Keith Barton s previous work on teaching and learning history with their reflections on the process of research These studies address students ideas about time evidence significance and agency as well as classroom contexts of history education and broader social influences on students and teacher s thinking These pieces widely cited in history and social studies education and typically required reading for students in the area were chosen to illustrate major themes in the authors own work and trends in recent research on history education In a series of new chapters written especially for this volume the authors introduce and reflect on their empirical studies and address three issues suggested in the title of the volume theory method and context Although research on children s and adolescents historical understanding has been the most active area of scholarship in social studies in recent years as yet there is little in depth attention to research methodologies or to the perspectives on children history and historical thinking that these methodologies represent This book fills that need The authors hope is that it will help scholars draw from the existing body of literature in order to participate in more meaningful conversations about the teaching and learning of history Researching History Education provides a needed resource for

novice and experienced researchers and will be especially useful in research methodology courses both in social studies and more generally because of its emphasis on techniques for interviewing children the impact of theory on research and the importance of cross cultural comparisons Using Picture Storybooks to Teach Literary Devices Susan Hall,1990-01-02 The third volume of Using Picture Storybooks to Teach Literary Devices joins volumes 1 and 2 of this best selling series to give teachers and librarians the perfect tool to teach literary devices to students in grades K 12 In this volume 120 well reviewed picture storybooks published mainly in the last few years are listed sometimes more than once under 41 literary devices All ages picture storybooks which can be enjoyed by adults as well as children are included For each device a definition is given and descriptions of appropriate storybooks with information on how to use them the art style used in the book and a curriculum tie in are provided Among the literary devices included are alliteration analogy flashback irony metaphor paradox tone and 34 more Indexes by author title art style and curriculum tie in add to this outstanding book s great value Grades 4 12 Ladies' Home Journal ,1925 **The Advocate** ,2005-01-18 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States Children's Writings ,1982
