Weekend Pilots Alan Meyer, 2015-12-30 The inside story of the hypermasculine world of American private aviation. In 1960, 97 percent of private pilots were men. More than half a century later, this figure has barely changed. In *Weekend Pilots*, Alan Meyer provides an engaging account of the post-World War II aviation community. Drawing on public records, trade association journals, newspaper accounts and private papers and interviews, Meyer takes readers inside a white male circle of the initiated that required exceptionally high skill levels that celebrated facing and overcoming risk and that encouraged fierce personal independence. The Second World War proved an important turning point in popularizing private aviation. Military flight schools and postwar GI Bill flight training swelled the ranks of private pilots with hundreds of thousands of

young mostly middle class men Formal flight instruction screened and acculturated aspiring fliers to meet a masculine norm that traced its roots to prewar barnstorming and wartime combat training After the war the aviation community's response to aircraft designs played a significant part in the technological development of personal planes Meyer also considers the community of pilots outside the cockpit from the time honored tradition of hangar flying at local airports to air shows to national conventions of private fliers to argue that almost every aspect of private aviation reinforced the message that flying was by for and about men The first scholarly book to examine in detail the role of masculinity in aviation *Weekend Pilots* adds new dimensions to our understanding of embedded gender and its long term effects **Kiplinger's Personal Finance**, 1954-10 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **How To Win Any Negotiation (EasyRead Large Bold Edition)**, 2017 *The Player Bookazine Issue 15* The Player, 2010-09-01 Bardo Emily Gallo, 2023-07-03 After twenty years in prison an exonerated Luther finds himself once again accused of a murder he did not commit He flees to New York City where Finn an old Irish author teaches him that life is not a predictable straight path They embark on a food and drink fueled cross country trip where Luther learns to embrace the idea that life is what happens to you when you're busy making other plans **Best Life**, 2007-05 Best Life magazine empowers men to continually improve their physical emotional and financial well being to better enjoy the most rewarding years of their life **Motor Age**, 1925
