Viaggio In Italia 1740

Gerhart Hoffmeister

Viaggio In Italia 1740:

Johann Caspar Goethe. Viaggio in Italia, 1740. Prima Edizione a Cura E Con Introduzione Di Arturo Farinelli. [With Portraits.]. Johann Caspar GOETHE, Arturo FARINELLI, 1932 *Viaggio in Italia (1740).: Testo* Johann Caspar Goethe, 1932

Viaggio in Italia (1740).: Testo Johann Caspar Goethe, 1932 *Italiano* Harro Stammerjohann, 1997 **Viaggio in Italia (1740).** Johann Caspar Goethe, 1932 **The Spell of Italy** Richard Block, 2006-03-14 A study of the lure of Italy in German culture from the eighteenth to the twentieth century Wearing by his life as an administrator at the Duke's court in Weimar in 1786 Johann Wolfgang von Goethe departed unannounced in the middle of the night for what had been the destination of his imagination since childhood Italy His extended stay there dramatically affected his views of art architecture prose poetry and science When he returned to Germany and Weimar Goethe's experiences translated into his life and work in ways that influenced countless others as they developed Germany's own brand of high culture The Spell of Italy Vacation Magic and the Attraction of Goethe tracks the peculiar space Italy occupies in the cultural consciousness of German writers by reconsidering the Italian journeys of Goethe and Winckelmann and the legacy of those journeys in the works of Heine Nietzsche Freud Mann Carossa and Bachmann Author Richard Block contests previous assumptions about Italy as a place to encounter classical culture and creative rebirth His study examines the degree to which Germany's literary and cultural traditions appropriated a phantasmic Italy showing how Winckelmann's art history and Goethe's Italian journey predisposed later writers to search for an aesthetic ideal in Italy that did not exist and how their search for this absent ideal eventually resulted in disillusionment and deception Building on previous work on Goethe literary theory and cultural history The Spell of Italy offers compelling new ways of understanding Germany's fascination with Italy from the eighteenth century to its troubled political history of the twentieth century **The Marvel of Maps** Francesca Fiorani, 2005-01-01 Among the most beautiful and compelling works of Renaissance art painted maps adorned the halls and galleries of princely palaces This book is the first to discuss in detail the three dimensional display of these painted map cycles and their full meaning in Renaissance culture Art historian Francesca Fiorani focuses on two of the most significant and marvelous surviving Italian map murals the Guardaroba Nuova of the Palazzo Vecchio Florence commissioned by Duke Cosimo de' Medici and the Gallery of Maps in the Vatican commissioned by Pope Gregory XIII Both cycles were not only pioneering cartographic enterprises but also powerful political and religious images Presenting an original interpretation of the interaction between art science politics and religion in Renaissance culture the book also offers fresh insights into the Medici and papal courts **The Inquisitor in the Hat Shop** Federico Barbierato, 2012 Early modern Venice was an exceptional city Located at the intersection of trade routes and cultural borders it teemed with visitors traders refugees and intellectuals It is perhaps unsurprising then that such a city should foster groups and individuals of unorthodox beliefs whose views and life styles would bring them into conflict with the secular and religious authorities Drawing on a vast store of primary sources

particularly those of the Inquisition this book recreates the social fabric of Venice between 1640 and 1740 It brings back to life a wealth of minor figures who inhabited the city and fostered ideas of dissent unbelief and atheism in the teeth of the Counter Reformation The book vividly paints a scene filled with craftsmen friars and priests booksellers apothecaries and barbers bustling about the city spaces of sociability between coffee houses and workshops apothecaries and barbers shops from the pulpit and drawing rooms or simply publicly speaking about their ideas To give depth to the cases identified the author overlays a number of contextual themes such as the survival of Protestant or crypto Protestant doctrines the political situation at any given time and the networks of dissenting groups that flourished within the city such as the free metaphysicists who gathered in the premises of the hatter Bortolo Zorzi In so doing this rich and thought provoking book provides a systematic overview of how Venetian ecclesiastical institutions dealt with the sheer diffusion of heterodox and atheistical ideas at different social levels It will be of interest not only to scholars of Venice but all those with an interest in the intellectual cultural and religious history of early modern Europe

Pubblicazioni edito dallo stato o col suo concorso (1861-1923), catalogo generale Italy. Ministero delle finanze, 1924

Eyewitness Views Peter Björn Kerber, 2017-05-09

Canaletto Bernardo Bellotto Luca Carlevarijs Giovanni Paolo Panini Francesco Guardi Hubert Robert these renowned view painters are perhaps most famous for their expansive canvases depicting the ruins of Rome or the canals of Venice Many of their most splendid paintings however feature important contemporary events These occasions motivated some of the greatest artists of the era to produce their most exceptional work Little explored by scholars these paintings stand out by virtue of their extraordinary artistic quality vibrant atmosphere and historical interest They are imbued with a sense of occasion even drama and were often commissioned by or for rulers princes and ambassadors as records of significant events in which they participated Lavishly illustrated and meticulously researched this volume provides the first ever comprehensive study in any language of this type of view painting In examining these paintings alongside the historical events depicted in them Peter Björn Kerber carefully reconstructs the meaning and context these paintings possessed for the artists who produced them and the patrons who commissioned them as well as for their contemporary viewers This vital book represents a major contribution to the field of view painting studies and will be an essential resource for scholars and enthusiasts

Goethe tra arte e scienza Francesco Moiso, 2024-04-09 Arte e scienza hanno dei punti in comune Se e come possono coesistere e consistere in unico colpo d occhio solo la genialità personale di un uomo come Goethe che ha potuto riunirle oppure esiste qualcosa di più profondo che sta alle radici di queste due attività o che consente di vagheggiare una lontana fonte da cui entrambe scaturiscono Sono queste le principali domande che guidano le ricchissime e illuminanti lezioni che Francesco Moiso tenne all Università di Milano nell anno accademico 2000-01 e che qui riproponiamo in una nuova edizione

Goethe in Italy, 1786-1886 Gerhart Hoffmeister, 1988

Viaggi e viaggiatori del Settecento in Emilia e in Romagna Giorgio Cusatelli, 1986

Studies on Voltaire and the Eighteenth Century Theodore Besterman, 1980

The First Modern

Museums of Art Carole Paul, 2012-11-16 In the eighteenth and early nineteenth centuries the first modern public museums of art civic state or national appeared throughout Europe setting a standard for the nature of such institutions that has made its influence felt to the present day Although the emergence of these museums was an international development their shared history has not been systematically explored until now Taking up that project this volume includes chapters on fifteen of the earliest and still major examples from the Capitoline Museum in Rome opened in 1734 to the Alte Pinakothek in Munich opened in 1836 These essays consider a number of issues such as the nature display and growth of the museums collections and the role of the institutions in educating the public The introductory chapters by art historian Carole Paul the volume s editor lay out the relationship among the various museums and discuss their evolution from private noble and royal collections to public institutions In concert the accounts of the individual museums give a comprehensive overview providing a basis for understanding how the collective emergence of public art museums is indicative of the cultural social and political shifts that mark the transformation from the early modern to the modern world The fourteen distinguished contributors to the book include Robert G W Anderson former director of the British Museum in London Paula Findlen Ubaldo Pierotti Professor of Italian History at Stanford University Thomas Gaehtgens director of the Getty Research Institute and Andrew McClellan dean of academic affairs and professor of art history at Tufts University Show more Show less **Atti Del ... Congresso Internazionale Sull'illuminismo** ,1980 **Il cristianesimo nel Paradiso di Dante** ,1921 **Studies on Voltaire and the Eighteenth Century** ,1980 **Arte e storia** ,1901 Nuova antologia Francesco Protonotari,1905
