Viciously Funny: a Compendium of Random Hilarity Jennifer Copley, 2017-07-06 This collection of fake book reviews letters from crazy people predictions for the future advertisements for horrible products bad advice for fictional characters stupid polls and more is based on the belief that everything on earth and beyond is hilarious Reviews of Viciously Funny A Compendium of Random Hilarity I loved this book so much that I decided to hand my crown over to the author so that she could take over the rulership of England However when I sent an emissary to her home to deliver the news he was informed that she had taken up residence in a sofa cushion fort on the neighbor s petunia patch When he contacted her there she pelted him with artichokes until he was forced to retreat Elizabeth II Queen of England and owner of many fancy hats There were more references to the erotic qualities of Marmite than one would typically expect in a book of this nature Abraham Lincoln dead president The author drew my attention to a number of unexplored questions in physics such as the effect that falling into a black hole might have on a person s accordion playing abilities Stephen Hawking black hole enthusiast and author of *The Universe in a Nutshell* and *The Grand Design* As an early proponent of equal rights for women I m thrilled to see that modern female writers can include references to handcrafted dildo cozies in their literary works without fearing a backlash from the patriarchal establishment Mary Wollstonecraft dead feminist writer and *Frankenstein* s grandmother This book was so fantastic that I came back from the dead just to read it Sir Isaac Newton inventor of the cat flap and some stuff about how things move I was disappointed by the lack of goat related material in this book Otherwise it makes a fine paperweight Felicity Bringletoppper author of *Coats for Goats 101 Crochet Patterns* This book was second rate literature but a first rate masturbatory aid Rodger Rudager author of the international bestseller *1001 Flower Arrangements to Wank to Before You Die* If you re offended by any of these reviews you probably shouldn t look inside this book let alone buy it For legal purposes I must state the obvious and say that these reviews were written by me and in no way reflect the actual opinions of the celebrities and imaginary friends featured therein I m assuming that all of these people are far too cool busy and or fictional dead to kick up a fuss about their names appearing here There are no real reviews at the time of this writing because I m too busy introverted lazy to promote anything I write Also lots of writers pay people to say that their books didn t suck Writing my own reviews saves plenty of time effort and expense and no one has to speculate as to whether or not they re fake so I consider it a win win approach to book promotion

Exploration 2 As an early proponent of equal rights for women I m thrilled that modern female writers can include references to handcrafted dildo cozies in their literary works without fearing a backlash from the patriarchal establishment Mary Wollstonecraft dead feminist writer and Frankenstein s grandmother 3 This book was so fantastic that I came back from the dead just to read it Sir Isaac Newton inventor of the cat flap and some stuff about how things move 4 I loved this book so much that I decided to hand my crown over to the author so that she could take over the rulership of England However when I sent an emissary to her home to deliver the news he was informed that she had taken up residence in a sofa cushion fort on the neighbor s petunia patch When he contacted her there she pelted him with artichokes until he was forced to retreat Elizabeth II Queen of England and owner of many fancy hats 5 There were more references to the erotic qualities of Marmite than one would typically expect in a book of this nature Abraham Lincoln dead president 6 I was disappointed by the lack of goat related material in this book Otherwise it makes a fine paperweight Felicity Bringletopper author of Coats for Goats 101 Crochet Patterns 7 This book was second rate literature but a first rate masturbatory aid Rodger Rudager author of the international bestseller 1001 Flower Arrangements to Wank to Before You Die Disclaimer This book shouldn t be read by anyone who is easily offended Actually this book probably shouldn t be read by anyone at all There are lots of nice books for sale on Amazon by authors who would never make jokes about phallic shrubbery premature cannibalism homoerotic supervillains triple breasted aliens antique toaster fetishists or death by spaghettification I recommend buying one of those books instead
