Konigsburg,1999-05 Four students with their own individual stories develop a special bond and attract the attention of their teacher a paraplegic who chooses them to represent their sixth grade class in the Academic Bowl competition Mrs Eva Marie Olinski always gave good answers Whenever she was asked how she had selected her team for the Academic Bowl she chose one of several good answers Most often she said that the four members of her team had skills that balanced one another That was reasonable Sometimes she said that she knew her team would practice That was accurate To the district superintendent of schools she gave a bad answer but she did that only once only to him and if that answer was not good her reason for giving it was The fact was that Mrs Olinski did not know how she had chosen her team and the further fact was that she didn t know that she didn t know until she did know Of course that is true of most things you do not know up to and including the very last second before you do And for Mrs Olinski that was not until Bowl Day was over and so was the work of her four sixth graders They called themselves The Souls They told Mrs Olinski that they were The Souls long before they were a team but

she told them that they were a team as soon as they became The Souls Then after a while teacher and team agreed that they were arguing chicken or egg Whichever way it began chicken or egg team or The Souls it definitely ended with an egg Definitely an egg
