Dogs For Dummies Gina Spadafori, 2019-05-30 It's a doggy dog world and this easy to use guide will help you navigate it. These days people's dogs have become bona fide members of the family. Moving from the kennel to the couch they share our beds, family rooms and holidays and they are recipients of our kindest and utmost concern. A pet partnership is a lifetime commitment. Do it right and your dog will become an important and valuable part of the family for many years. Do it wrong and you've broken a sacred covenant between humankind and another living being. *Dogs For Dummies* 2nd Edition is for you if you are looking to adopt a dog, trying to improve the relationship with the one you have or attempting to come up with fun things to do with your canine companion. This book is also for people who want to: Choose the right veterinarian, Explore the dog breeding business, Find breed rescue groups, Identify canine health problems, Look for a purebred, Improve your chances at pet success by knowing how to raise and live with your dog properly, Discover which breed best suits your lifestyle and if a puppy or adult dog is best for you. *Dogs For Dummies* 2nd Edition also covers the following topics and more: Caring for an aging dog, Choosing collars, harnesses, halters and leashes, Considering euthanasia, Feeding Fido the right way, House training puppies and adult dogs, Keeping up appearances with good grooming, Participating in canine competitions, Preparing your dog for a disaster, Traveling with your dog. Award winning author Gina Spadafori says the lack of accurate information, not the lack of effort or concern, is often the reason for doomed people/pet pairings. With her help you can avoid the agony. *Dogs For Dummies* 2nd Edition is full of useful tips, how-to advice, illustrations and photographs, both color and black and white. You deserve a healthy, happy and well-mannered canine companion and you'll be the owner every pet wants and deserves. Informed, responsible and loving. P.S. If you think this book seems familiar, you're probably right. The *Dummies* team updated the cover and design to give the book a fresh feel, but the content is the same as the previous release of *Dogs For Dummies*. 9780764552748. The book you see here shouldn't be considered a new or updated product. But if you're in the mood to learn something new, check out some of our other books. We're always writing about new topics.
