

Sample SLO:

5. The Results, or the end of interval student performance and teacher performance. (Based on the measures—did students achieve the targets set for them and did the teacher meet the expected growth for the SLO?)

RESULTS: Summarize the raw data for each performance group and overall student performance toward target. The following rubric will be used to score the educator's SLO.

Data Summary

What does the overall data say about student performance? Did students meet the performance targets set for them? Did 75% of the students meet the performance targets set by the teacher?

Group 1 Target: It is expected that all of these 8 students will move at least one level on the rubric. RESULTS: Of the 8 students who started the year in this group 7 of them were still a part of the class when the assessments were given. 5 out of the 7 students moved at least one level on the rubric from their starting level of 1 to level 2 (Approaching Grade Level); 71% of these students met the performance target set for them.

Group 2 Target: It is expected that all of these students move at least one level on the rubric and 10 out of the 16 students will move at least two levels on the rubric. RESULTS: There were 16 students in this group to start the school year and only 13 of them were still enrolled at the time the assessments were given. Of those 13 remaining 9 moved two levels on the rubric and 4 moved 1 level on the rubric. 1 of the students who moved out of the class was expected to move two levels on the rubric. Based on the data for these students= 100% met the performance target set for them.

Group 3 Target: It is expected that all of these students move at least one level on the rubric and that 2 out of the 4 move at least two levels on the rubric. RESULTS: All of these students remained the class for the entire instructional interval. All of them moved at least one level on the rubric but only 1 of them moved two levels. Based on this data for these students= 75% of these students met the performance targets set for them.

OVERALL: 82% of the students met the performance targets that were set for them at the beginning of the instructional interval.

Systematic Classroom Assessment Sarah Bonner, Peggy Chen, 2019-03-22 Systematic Classroom Assessment promotes a fresh vision of assessment for student learning and achievement Using a framework that positions assessment as both an iterative purposeful cycle of inquiry for teachers as well as a coherent system of activities through which students engage in their own learning this framework for classroom assessment is unique in incorporating self regulated learning motivation and non cognitive processes Key components such as assessment for learning feedback emerging technologies and specific content areas are treated in depth and fundamental principles like reliability validity and fairness are approached from the classroom perspective **Teacher Evaluation That Makes a Difference** Robert J. Marzano, Michael D. Toth, 2013-06-14 In

this essential new book best selling author and researcher Robert J Marzano and teacher effectiveness expert Michael D Toth lay out a framework for the next generation of teacher evaluation a model focused primarily on helping educators develop and improve their practice By taking into account multiple accurate data rich measures of teacher performance and student growth the model ensures that all teachers receive fair meaningful and reliable evaluations The book includes Standards rubrics and suggested rating methodologies A detailed five phase plan for implementing the model Guidelines for calibrating evaluation criteria according to teachers experience levels A step by step guide to creating a coaching program for teachers who require intervention and Recommendations for using technology platforms to enable teacher collaboration Teacher evaluation has too often focused on affixing ratings to teachers rather than helping them grow into mastery The practical field tested model proposed in Teacher Evaluation That Makes a Difference has everything your school or district needs to provide teachers and by extension their students with the support necessary for success **Manufactured Milk Products**
