Smart Roadster Manual Transmission:

Smart Thinking Tony Lewin, 2004 The story of smart is an epic tale of genius inspiration hope disappointment disaster and ultimate triumph Funky stylish and fun smart is the youngest and most exciting brand of car on the market and it has revolutionised the way we think about cars and the way we use them It has put much needed fun back into driving and even city motorists smile when they re at the wheel of a smart But it nearly didn t happen atall The revolutionary design was the product of the genius who invented the Swatch watch saving the near bankrupt Swiss watch industry in the process But these visionary ideas proved too radical and the tiny two seater almost died at birth when a succession of backers lost their nerve The sensational story of smart traces the decade long history of this ambitious project talking to key figures from every stage of the programme and building a vivid picture of an idea ahead of its time **Fuel Economy Guide** ,2009
