Smile Please Sats:

Some Translations from Horace. Odes. Sats. Eps. By Ignotus Horace,1866 Love Is Both Wave and Particle

Paul Cody,2025-08-22 This achingly beautiful novel considers how to measure love when it has the power to both save and destroy Levon Grady and Samantha Vash are both students at an alternative high school for high achieving but troubled teens They have been chosen for a year long project where they write their life stories and collect interviews from people who know them The only rule is 100% confidentiality they will share their work only with each other What happens will transform their lives Told from the perspectives of Levon Sam and all the people who know them best this is a love story infused with science and the exploration of identity In Love Is Both Wave and Particle Paul Cody looks at how love behaves in different situations and how it can shed light on even the darkest heart Praise for Love is Both Wave and Particle A series of first person narratives from the teens parents classmates and counselor offer varied perspectives on Sam and quiet handsome Levon Grady who is maybe somewhere on the broad spectrum of Asperger s as he puts it Part romance part psychological study adult author Cody s first book for teens thoughtfully conveys Sam and Levon s complex mental states the evolution of their relationship and their journeys of self discovery Publishers Weekly
