Smith Wesson 38 Special:

Smith & Wesson Roy G. Jinks, Sandra C. Krein, 2006 Horace Smith and Daniel Baird Wesson shared a dream of manufacturing a firearm that could fire repeatedly using a new and self contained cartridge In 1852 the dream became a reality with the founding of Smith Wesson Firearms Company Over the next 154 years the company grew to be one of the most innovative and respected firearms manufacturers in the world The story of Smith Wesson is not only about two knowledgeable and enterprising men but also the story of generations of creative and dedicated men and women The spirit of innovation generated by the partners has long outlived them Today Smith Wesson is synonymous with quality performance and durability Smith Wesson explores the company history its people and significant products from the partners first venture in 1852 to the sale of the Wesson family business in 1965 This book features rarely seen historical photographs advertisements and company documents culled from the company archives museums collections and the private collections of Smith Wesson collectors

Tearing Down The Wall of Sound Mick Brown, 2012-10-17 In 2002 the reclusive and legendary record producer Phil Spector gave his first interview in twenty five years to Mick Brown The day after it was published an actress named Lana Clarkson was shot dead in Spector s LA castle This is Brown s odyssey into the strange life and times of Phil Spector Beginning with that fateful meeting in Spector s home and going on to explore his colourful and extraordinary life and career including the unfolding of the Clarkson case this is one of the most bizarre and compelling stories in pop history

Handbook of Handguns Jeffrey Strickland, 2013-04-25 In light of the 2nd Amendment debates shooting may become the national passtime To act responsibly within the 2nd Amendment means knowing how to properly bear arms Knowing involves understanding firearm types firearm operation ammunition internal ballistics and shooting These require training especially shooting Whether you own or plan to own a handgun for recreation competition or self defense training is of the utmost importance When you fire a projectile bullet from a firearm you are responsible for where it goes You need to understand how fast it travels how far it can travel and how accurate your firearm is in delivering the projectile to your intended target Yes bearing arms is a right but not one to be taken lightly Firing a handgun is a grave responsibility and must be done correctly and with a full understanding of all the components that make up shooting

The Defences of Macau Richard J. Garrett, 2010-03-01 The forts built from the early seventeenth century onwards the ships that defended Macau s waters the weapons that armed the facilities and the soldiers and sailors who

manned them all are carefully detailed in *The Defences of Macau* These forts cannon and small arms were a familiar part of society for hundreds of years and a significant part of Macau s heritage Macau is fortunate in having so many artifacts remaining but very little research has been done on them Richard Garrett a retired civil engineer and an expert in antique weapons addresses this gap by identifying many rare and unique weapons More than 200 illustrations many in colour serve as a visual record of what has survived Some of the forts are included among Macau s World Heritage sites Many visitors and those interested in the history of the region will be interested in these forts and arms that remain in relative abundance in Macau The book will also appeal to those scholars specialising in military and arms history
