Quote Introduction Example

Benjamin Franklin is quoted as stating, "By failing to prepare, you are preparing to fail." Any student who has ever neglected to study for a test can attest to this. Many students don't study because they claim they simply don't have enough time. While it's true that college students are busy working, participating in sports, attending classes, and studying, the truth is that even busy students need to find time to prepare for class. By using a planner, learning how to study, and scheduling courses appropriately, students can be better prepared and improve their grades.
