Small Time Operator:

Small Time Operator Bernard B. Kamoroff, 2019 *Small Time Operator* is one of the most popular business start up guides ever. In clear, easy to understand language. In this new edition, the book will feature a section on surviving the Global Information Grid or GIG economy. The on-demand economy, also known as the sharing economy or the gig economy, is a new and greatly expanding business model that is basically nothing more than a mobile app that connects people who need some type of service: a ride, a delivery, a plumber, a house cleaner, with individuals who provide that service. There are hundreds of thousands of newly self-employed individuals. Uber alone claims that they have 160,000 workers just in California. The great majority of these on-demand workers have zero experience or knowledge about self-employment. This book will give on-demand workers everything they need to know about being self-employed. *Small Time Operator* Bernard Kamoroff, 2017 Kamoroff details how to set up a small business. He addresses how to get permits and licenses, secure financing, find a location, create a business plan, establish a bookkeeping system, hire employees, file taxes, and do business on the Internet.
