Earn \$300 Dollars a Day or Night Using Your Mobile Smartphone Device Tony Drake, 2019-01-22 Do you have a Smartphone? Would earning 300 Dollars a Day or Night Using Your Mobile Smartphones Device Forever change your current life? Circumstances. Never having money problems again isn't that one of the greatest events that can occur in your life right now? Think of your PayPal account sending money daily to your debit card or bank account each and every day without delay. Earning money daily is much more convenient than earning income weekly or biweekly, and in rare cases monthly, don't you agree? The Fortune Runner Smart Phone App is set up and designed for its users to automatically receive money earned directly to their account to be used right away, daily. And for savvy users, you may also receive payments in crypto currencies as well. Once you experience the Fortune Runner App at work, never again will you see value working on a job that pays meager hourly wages and requires weeks before you are paid, and the pay is never enough to live on. Now I am certainly not against hourly wages or even earning income monthly; hourly wage earning can be a very lucrative structure only if your physical labor is not involved, or the control of your time to earn the hourly income is not a factor.
