Today Show Weather Report:

The Today Show Cathleen M. Londino, 2016-11-15 In the early 1950s when television networks did not broadcast regular programming before 11 a.m. radio and newspapers were the most popular and reliable ways for Americans to get their morning news. Then Sylvester Pat Weaver, vice president of programming at NBC, pitched a bold new concept to the network: a two-hour early morning news show that would run Monday through Friday starting at 7 a.m. By developing Today, Weaver filled a programming void before viewers even realized there was one and revolutionized the viewing habits of millions. In The Today Show: Transforming Morning Television, Cathleen M. Londino provides an entertaining and informative look at the first twenty-five years of NBC's innovative program from 1952 through 1977. Focusing on Today's broadcast history, the personalities instrumental to the show's success, and the show's contributions to the entertainment industry, this account illustrates how the evolution of Today closely paralleled the development of the broadcast industry and rise of the major networks. In addition to chronicling the show's history, the author profiles some of the key players both behind and in front of the camera, including Dave Garroway, Barbara Walters, Tom Brokaw, and Jane Pauley. The vision of morning news developed by Weaver more than sixty years ago endured far beyond his wildest expectations, establishing a model that would eventually be adopted not only by competing networks but also by television programmers around the globe. The Today Show: Transforming Morning Television is a fascinating account of the unprecedented success of this influential program and will appeal to anyone interested in television history. **Hearings** United States. What Made Me Who I Am Bernie Swain, 2016-09-06 Starting a business is a wonderfully naive venture Only a fortunate few will survive and very few of those who thrive will have something special to say about failure success and leadership Bernie Swain is one of those few very fortunate people He quit his job in 1980 to start a lecture agency with his wife and a friend By the end of their first rocky year just as his savings were running out Swain s first

revenues trickled in He began signing every speaker with a handshake this proved to be the hallmark of trust that helped accelerate the company's growth Years later his roster of speakers would be the greatest in history since America's first agency represented a host of notables such as Mark Twain Susan B Anthony and Frederick Douglass The best of Swain's fortunes turned out to be the speakers themselves because these remarkable leaders had become his personal friends What Made Me Who I Am captures the leadership transformations of 34 of those friends from Doris Kearns Goodwin to Colin Powell Terry Bradshaw to Tom Brokaw and Tony Blair to Dave Barry This assembly of people defines a generation What were their most powerful influences Defining moments Decisions that contributed the most to their character and accomplishments Swain captures answers to these questions and more in an inspiring practical collection of true life stories for leaders today What Made Me Who I Am is also a terrific gift book for graduates and others who are just starting out in life
