In narrative form, it tells the living history of the company beginning with the founder after he was dramatically fired by National Cash Register Company. Henry Theobald then started a scale and cash register company to compete with his old boss, the legendary John Patterson of NCR. It's the story of the inventors, leaders, craftsmen, and technical breakthroughs beginning in the first year of the 20th century up to current times. Included is the story of the innovative sales techniques developed by Theobald that led to tight-fisted merchants being willing to spend four and five times as much for a Toledo No Springs Honest Weight scale than for the scale it replaced. This led to Toledo becoming the best-known scale brand in the nation. It includes the story of how a plastic came to be developed for Toledo Scale under the leadership of the company's second president, Hubert Bennett, that led him to establish a separate wholly owned company. This company, Plaskon, became the largest plastic company in the United States for a brief time. It tells of Toledo Scale's World War II contributions in which the company played a top secret part in the production of the Norden bombsight and the atomic bomb. The story includes quotations from both retired company executives and current employees. It includes information obtained from an unpublished factual manuscript covering the company's first 50 years, other company archives, and the Toledo Blade. A dozen historical photos are displayed, which include the first DeVilbiss computing

scale a Toledo Cash Register and a Phinney scale which was the first patented computing scale A few Phinney scales were manufactured in 1870 Since Toledo Scale couldn't locate one to prove they were actually manufactured they lost a huge lawsuit to Dayton Scale that almost broke the company Also shown is a photo of Norman Bel Geddes 1929-30 radical designs of a new factory and plant campus for Toledo Scale never built due to the depression The story includes the transition to electronic scales begun by the company's third president Harris McIntosh This transition was completed in the final quarter of the century And finally the human story that resulted from the evolution of several different ownerships is told until just a few years ago Toledo Scale disappeared as a separate brand and was merged into Mettler Toledo Inc

Toledo Automatic Dial Weighing Equipment for the Packing Industry Toledo Scale Company, 1925 **Toledo Scale Collection** Toledo Scale (Firm), 1900 The story of Toledo Scale began when Henry Theobald was fired from the National Cash Register Company for instituting changes in the production system that he believed would decrease costs and improve the product He decided to start his own business solicited investors and bought the DeVilbiss Computing Scale Company from Allen DeVilbiss Jr of Toledo around 1900 Henry Theobald founded Toledo Scale in 1901 and coined the phrase No Springs Honest Weight as a slogan for the new company During his reign Toledo Scale boomed Mr Theobald was a man of amazing energy ability and imagination as was proved many times in the nearly twenty five years that he headed the company The collection spans approximately eighty years 1900-1980 *The First Fifty Years, 1901-1951* Toledo Scale Company, 1951 **Better Ways to Weigh, Count, Test, Measure and Control** Toledo Scale (Firm), 1949 *Service Instructions; "400" Series Printweigh* Toledo Scale (Firm), 1972
