Hermeneutical Approaches in Psychology of Religion, 2025-02-10 Contemporary psychology is reviving with new vigor an interest in hermeneutics or the human science of interpretation After a period in which positivistic and statistical approaches have been dominant new methods are being explored Most of these focus on narrative cultural analysis embodiment and interdisciplinarity Because of its specific object of study psychology of religion has never been without an hermeneutical emphasis In this field of psychology scholarship these new directions are especially welcomed as they offer perspectives for research which attempts to interpret religion as a human phenomenon This volume presents hermeneutical psychological studies on religion which rely on both classical and contemporary approaches Dealing with topics like mysticism religious symbols life stories and mental health contributions to the volume draw on a variety of perspectives These range from psychoanalysis narrative psychology and feminism to perspectives drawn deep from the wellspring of interdisciplinary collaboration with anthropology and history

The Spatial Language of Time Kevin Ezra Moore, 2014-05-15 *The Spatial Language of Time* presents a crosslinguistically valid state of the art analysis of space to time metaphors using data mostly from English and Wolof Africa but additionally from Japanese and other languages Metaphors are analyzed in terms of their most direct motivation by basic human experiences Grady 1997a Lakoff Johnson 1980 This motivation explains the crosslinguistic appearance of certain metaphors but does not say anything about temporal metaphor systems that deviate from the types documented here Indeed we observe interesting culture and language specific metaphor phenomena Refining earlier treatments of temporal metaphor and adapting to temporal experience Levinson's 2003 idea of frames of reference the author proposes a contrast between perspective neutral and perspective specific frames of reference in temporal metaphor that has important crosslinguistic ramifications for the temporal semantics of FRONT BEHIND expressions This book refines the cognitive linguistic approach to temporal metaphor by analyzing the extensive temporal structure in what has been considered the source domain of space and showing how temporal metaphors can be better understood by downplaying the space time dichotomy and analyzing metaphor structure in terms of conceptual frames This book is of interest to linguists psychologists anthropologists philosophers and others who may have wondered about relationships between space and time

AERO TRADER & CHOPPER SHOPPER, MAY 2006 Causey Enterprises, LLC, [Project Management](#) Harold Kerzner, 1995 The author has extensive experience as a planning executive for a leading corporation a consultant to the international business community an educator and the leader of a popular series of project management seminars *Project Management* Fifth Edition synthesizes this wealth of knowledge into a practical resource you will rely on

every day learn from the successes and failures of leading companies in planning and scheduling complex projects explore new cost control and risk management techniques assess the impact of concurrent engineering merge total quality management techniques with effective project planning master the resolution of conflicts in project planning and execution and gain skill at predicting project success at early stages of evolution The design of the Fifth Edition has been considerably enhanced to make this a usable desktop companion for the working professional and educator and a focused self study and review guide for project managers who plan to take the certification exam Worksheets checklists and chapter summaries are highlighted so that essential points are visible at a glance
