* This survey was designed to identify specific needs, attitudes, and behaviors of teachers in the United Kingdom, and to determine their own self-perceptions of their role in the classroom. It is not possible to use the data from the survey to make any generalizations about the entire United Kingdom. The data are based on the responses of teachers who were all of the same gender, and who were all of the same age. The data are based on the responses of teachers who were all of the same gender, and who were all of the same age.
