Dad's Best Memories and Recollections Charles J. Humber, 2016-01-19 DAD'S BEST MEMORIES

AND RECOLLECTIONS is Chazz Humber's epitaph casting a very long and sentimental shadow across North America and beyond. This 230 page volume is his granite monument well polished. It lavishly records 125 of his best memories over a life span of nearly eighty years. The vignettes are serenaded with more than 400 illustrations. Those discovering this volume likely will find themselves wanting to record in their own sunset years their personal memories and recollections. And when they do they are apt to recall what it was like to live in their fluctuating world dominated by a variety of personalities and cascading events. Mr Humber vividly describes what it was like in 1945 to travel in a 1930 Model A Ford from Toronto to Boston. With lively enthusiasm he reports what it was like to live in post World War II Boston to cook a lobster for a former President of the United States or to sell a pair of elevator shoes to one of Hollywood's shortest celebrities or to shine the shoes of a Derby hatted father of a future President of the United States. It is not a remarkable achievement to reflect to recall or to have memories that are treasured. But to tell them with literary aplomb to recall the events that happened nearly seventy five years ago with utmost clarity is definitely an admirable achievement and should be cherished not only by the kin who follow Mr Humber but by those who might like to imitate what he has monumentally achieved in *Dad's Best Memories and Recollections*.

The Top Gear Story - The 100% Unofficial Story of the Most Famous Car Show... In The World Martin Roach, 2012-05-25 From humble beginnings as a 1970s motoring show Top Gear has gone on to achieve diesel powered world domination. After Clarkson and producer Andy Wilman successfully pitched a new format to BBC bosses Top Gear returned to become the irreverent funny and often controversial show we now know and love. The Star in a Reasonably Priced Car, the Cool Wall and Power Laps by the mysterious Stig have all become staples of Britain's favourite Sunday evening entertainment. Recent series have been defined by their madcap challenges such as driving across Africa in clapped out bangers with predictably hilarious results. However the show's most shocking moment came in 2006 when Hammond suffered serious head injuries while driving a Vampire turbojet drag racing car at over 300mph. Clarkson, Hammond and May they are the politically incorrect joking stone washed denim wearing bloke hero trio for the modern ish age. This brilliant detailed book is fitting tribute to the show, its presenters and its most memorable moments. **Pirates in the Heartland**
