

LESSON PLAN VCE

Name: Namrata Shipstone	Topic: Social Life Between the Wars	Lesson No: 4 – Presentation of Assessment Task
Subject: Humanities - History	School: Kurunjang Secondary College	Duration: 80 minutes
Date: 11 th June 2011	Year Level: VCE Unit 2	

VCE Areas of Study • Social Life • Cultural Expression Key Knowledge • Social change • Economic, political & technological development • Social movements • Modernism, artistic movements • Impact of cinema and mass entertainment.	Learning Outcomes: • Students will learn to use communication skills to convey their argument in an appropriate manner. • They will learn to use multimedia as part of their assessment and enhance their presentation. • Students will be able to display their creativity in their mode of presentation. • They will learn to build their confidence in public speaking and be able to develop as a skill they can use for life.
---	---

Rationale: • Students will present their chosen tasks in a medium of their choice. • This will help students build on their communication skills which can be translated into employability skills for life. • Students will also be able to use their knowledge of multimedia in a productive and creative manner that will help them later in their academic life. • This presentation task will be make students aware of their ability to be creative and productive, and that learning can actually be interactive and enjoyable.

Resources in Education, 1993 *The New Politics of Race and Gender* Catherine Marshall, Politics of Education Association, 1993 Provides an overview of the political historical context of race and gender politics in schools followed by an in depth analysis The chapters include work of scholars and policy analysts on policy and policy implementation at all levels of school politics in the USA Australia and Israel **The Future of Schools** Brian Caldwell, Donald K. Hayward, 1998 This text provides an analysis of the efforts to establish systems of self managing schools around the world The core of this book is the description of the transformation of the education system in the state of Victoria Australia from dependence in a highly centralized and bureaucratized structure to one that values local decision making and the creation of a system of self managing schools The text goes on to show how these and similar programmes in other nations could lay the foundations for similar reform The authors propose that there must be changes in the role of key stakeholders including government community and profession traditional approaches must be challenged and new ways to fund schools to be canvassed

Popular Science, 1945-09 Popular Science gives our readers the information and tools to improve their technology and

their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Current Index to Journals in Education ,2000 *STEM Education Across the Learning Continuum* Amy MacDonald,Lena Danaia,Steve Murphy,2020-02-18 This is the first comprehensive book to consider STEM education from early childhood through to senior secondary education It approaches STEM as a form of real world problem based education that draws on the knowledge and skills of the science technology engineering and mathematics disciplines Rather than presenting each of the separate disciplines to an equal extent it focuses on STEM researchers perspectives on how their work contributes to effective STEM education in terms of building knowledge skills and engagement Gathering contributions by authors from various countries the book explores effective STEM education from a range of perspectives within the international context Moreover it addresses critical issues in STEM education including transition and trajectories gender rurality socioeconomic status and cultural diversity By doing so it not only shares the current state of knowledge in this field but also offers a source of inspiration for future research

Forthcoming Books Rose Arny,2004 **Science** Vanessa Kind,Keith Taber,2005 This is a text for new teachers of science in the years of their early professional development including those on PGCE courses those in their induction year and those in years two and three of their teaching career The Publishers' Circular and General Record of British and Foreign Literature ,1889 *Equity in the Classroom* Patricia Murphy,C. V. Gipps,1996 Concerned with pedagogy and the learning achievement of both girls and boys this book examines international trends in subject performance throughout schooling and looks critically at a range of interventions in difference contexts and countries all aimed at enhancing equity in schools and higher education institutions The book argues that pedagogy can not be isolated from the overarching gender education system What can be done it claims is that teachers can be provided with a range of pedagogic strategies which can be used to make education as it is experienced by students and reflected in their achievements more just
