Waiting for Monday Janet Throneberry, 2012-01-23 The story is set among a tree lined middle class community unspoiled neighborhood friends playing safely on the sidewalks Precisely at five thirty well behaved daddies rush home to kiss their wives and all is right with the world The only problem is nothing is as it seems Secret sins and obsessions live in unseen places in fact how well do you know your own next door neighbors Join the life of a pretty southern misfit with the uncanny ability to read greed and lust inside those who are up to no good But what's a regular young girl to do about it With no one to take her side her help will come from a most uncommon source You'll cringe and you'll cry but no doubt share a few good laughs along the way In a heartrending twist the girl who can see what others can't is herself blind to the secret that will bring her own family to its knees Reader beware this isn't just another typical Monday

A Child's Journey Anna C. Bradford,2013-11-08 A Childs Journey is a parable of lifes journey as seen through the eyes of a child For those that see God must come to God as little children with a childlike faith Like The Birth Of A Child Our Journeys Just Begun Just as the birth of a child is the beginning of new life so shall our incredible journey of faith hope and love begin This book will take you on an adventuous and spiritual journey A fun filled multi resource book Jump abroad this positive learning enviroment and early childhood developement book Skip into this enjoyable creative inspirational and training guide for children No parents grandparents teachers daycare centers prep schools childrens churches childrens outreaches or child care providers should be without this book In this world we have a choice We can be a follower or a leader Dare to be a leader Start your journey with the child like faith that was planted inside of you by God Now release that child like faith and pass it on Begin to walk in your life long journey as seen in the eyes of an innocent child You will leap right into creating precious moments by connecting with the incredible lives of children Today you can start to run A Childs Journey Release The Kid Inside Of You *The Mathematical Coloring Book* Alexander Soifer,2008-10-13 This is a unique type of book at least I have never encountered a book of this kind The best description of it I can give is that it is a mystery novel developing on three levels and imbued with both educational and philosophical moral issues If this summary description does not help understanding the particular character and allure of the book possibly a more detailed explanation will be found useful One of the primary goals of the author is to interest readers in particular young mathematiciansorpossiblypre mathematicians inthefascinatingworldofelegat and easily understandable problems for which no particular mathematical kno edge is necessary but which are very far from being easily solved In fact the prototype of such problems is the following If each point of the plane is to be given a color how many colors do we need if every two points at unit distance are to receive distinct colors More than half a century ago it was established that the least number of colorsneeded for such a coloring is either 4 or 5 or 6 or 7 Well which is it Despite efforts by a legion of very bright people many of whom developed whole branches of

mathematics and solved problems that seemed much harder not a single advance towards the answer has been made This mystery and scores of other similarly simple questions form one level of mysteries explored In doing this the author presents a whole lot of attractive results in an engaging way and with increasing level of depth **American Shoemaking** ,1928
