Arthur Johnson** Wilhelm Gottlieb TENNEMANN, 1832 **Manual of American College Fraternities** William Raimond Baird, 1940 Manual de psiquiatría Raúl Morello, 2023-12-22 En este libro un novedoso Manual de psiquiatría Raúl Morello nos propone de una manera inslita y original adentrarnos en las profundidades de algunas claves de la existencia humana A través de sus páginas el autor trata a la salud mental un tema tan actual como inagotable de manera lúcida sensible y al alcance de la mano tanto de profesionales de la salud como de curiosos lectores En complicidad con el lector desde la primera línea transita un camino que invita a pensarnos de manera profunda Morello no se priva de realizar sus propias críticas y de utilizar ironías entremezcladas con explicaciones técnicas que generarán en el lector un interés inmediato Se trata de las vivencias profesionales del autor y de sus pacientes generando una irremediable identificación con nuestras propias experiencias Nos preguntaremos sobre el sentido de nuestra vida así como también nos cuestionaremos empírica y humanamente por la realidad y las problemáticas de quienes nos rodean **Baird's Manual, American College Fraternities** William Raimond Baird, 1940 The New Century Book of Facts Carroll Davidson Wright, 1929 *THE NEW CENTURY BOOK OF FACTS*, 1911 Footsteps of 'Liberty and Revolt' Mary-Ann Constantine, Dafydd Johnston, 2013-04-15 A collection of essays exploring the impact on Welsh culture of one of the most exciting periods in history the decades surrounding the French Revolution of 1789 **Manuel José Quintana y el nacimiento del liberalismo en España** Albert Dérozier, 1978 *Memory and Religion from a Postsecular Perspective* Zuzanna Bogumił, Yuliya Yurchuk, 2022-02-27 The book argues that religion is a system of significant meanings that have an impact on other systems and spheres of social life including cultural memory The editors call for a postsecular turn in memory studies which would provide a more reflective and meaningful approach to the constant interplay between the religious and the secular This opens up new perspectives on the intersection of memory and religion and helps memory scholars become more aware of the religious roots of the language they are using in their studies of memory By drawing on examples from different parts of the world the contributors to this volume explain how the interactions between the religious and the secular produce new memory forms and content in the heterogeneous societies of the present day world These analyzed cases demonstrate that religion has a significant impact on cultural memory family memory and the contemporary politics of history in secularized societies At the same time politics grassroots movements and different secular agents and processes have so much influence on the formation of memory by religious actors that even religious ecclesiastic and confessional memories are affected by the secular This volume is ideal for students and scholars of memory studies religious studies and history **Guide to Microforms in Print**, 1995 Catalogue of the Books in the Manchester Public Free Library, Reference Department.
