Too Many Murders Colleen McCullough, 2014-07-29 The second book in the Carmine Delmonico mystery series *Too Many Murders* sees the resolute detective caught up in a seemingly insoluble high stakes case It s a beautiful spring day in the little city of Holloman Connecticut the year is 1967 and the world teeters on the brink of nuclear holocaust as the Cold War goes relentlessly on But Holloman has other things to worry about on April 3rd 1967 twelve murders have taken place on one day Suddenly Captain Carmine Delmonico chief of detectives has other more important matters to occupy his mind than finding a satisfactory name for his infant son With his cohorts Abe Goldberg and Corey Marshall giving him unfailing support Carmine embarks on what looks like an insoluble case All the murders are different and no victim is connected to any of the others One group centers around the great university Chubb while another is inextricably tied to the armaments giant Cornucopia And as if twelve murders were not enough Carmine soon finds himself pitted against the mysterious Ulysses a spy giving Cornucopia s armaments secrets to the Russians Are the murders and espionage different cases or are they somehow linked *Too Many Murders* sees Carmine contending with a very different kind of problem than the one he faced in *On Off* It takes the addition of a new member to his team the meticulous Delia Carstairs to give Carmine the right bunch of people to solve the new case a group that also includes the cantankerous Judge Douglas Thwaites the smooth operator Commissioner John Silvestri and his wife Desdemona

Raw Material Alan Sillitoe, 2016-07-12 This fusion of novel and memoir from a bestselling British author chronicles the destructive effects of WWI on two working class families in Nottingham An advocate for ordinary people Alan Sillitoe combines family memoir with exhaustive research on military records and fuses them with artistic speculation in this inventive and political historical novel Central to the story are the author's grandfather the blacksmith Ernest Burton and his uncle Edgar a World War I deserter The launching point for this narrative family album is a legless match seller from Sillitoe's childhood who walked on the streets of Nottingham with his hands When the young Sillitoe asked his family about the reasons behind this man's deformity he heard a series of different accounts His mother said it was a train accident his father claimed it was an explosion during the Battle of the Somme his grandmother was convinced it was a birth defect and his grandfather declared it was a way of dodging work Thus Sillitoe sets the tone for a tale in which anything which is not scientific or mathematical thought is colored by the human imagination and feeble opinion In order to rediscover the fictional truth behind his own spirit Sillitoe then delves into his heritage He paints a telling portrait of his maternal grandfather a blacksmith who hated dogs despised the people who loved him and was blinded in one eye by a shred of steel Separated from society by his illiteracy and both feared and respected for his instinctual cunning Ernest was a tyrant to his wife and eight children a hardworking provider and a talented craftsman On his father's side of the family Sillitoe explores the life of his uncle Edgar the darling of the family who enlisted in the British army when the Great War began in 1914 However when the young man discovered that his service consisted of dysentery haircuts and taking orders he sensibly deserts To avoid the military police he leaves Nottingham and bicycles furiously on the back roads to his sister's house in Hinkley but is caught a few days later in a pub and sent back to his battalion A persistent man Edgar deserts a second time and hides out in the forest but again he is captured and sent just in time to join the Sherwood Foresters on the first day of the Battle of the Somme *Raw Material* spans a century of family history and legends interweaving personal memories with collected facts and hearsay The kitchen sink realism Sillitoe is known for takes on a more philosophical and transparent approach in this innovative self portrait that explores the base matter and inspirations of the esteemed British novelist's life work

Everyday Murders Hugh Anthony Levine, 2009-08-07 Excerpt from Chapter One All Tanenbaum said was And then what happened Eddie He appeared to enter some weirdly hypnotic catatonic trance his already breathy voice became monotonal his eyes glazed over his face drained of expression and he went on and on and on She said Wait until your mother hears this this is going to break her heart And I said Please don't tell my mother Sherrald please don't tell my mother Sherrald please don't tell my mother And while Eddie Hurdle continued to mouth that refrain please don't tell my mother
