It is a full-fledged, unique language with all the characteristics of such. This helpful and user-friendly guide for librarians and other library personnel involved in library programming demonstrates everything from how to set up programming involving sign language for all ages to dealing with and paying interpreters. The book also discusses how to publicize programs to the public and within the deaf community and how to evaluate and improve the library's sign language collection. Kathy MacMillan's impressive understanding and knowledge of the deaf community and the importance of sign language, as well as her exceptional handling of the numerous erroneous myths about deafness and sign language that are unfortunately still often current, make this handbook an indispensable tool for all library personnel looking to reach out to the deaf and hard-of-hearing community. *Storytime and Beyond* Kathy Barco, Melanie Borski-Howard, 2018-10-10 Join the world of balloons, pancakes, and musical instruments just a few items to help improve early literacy in the library, the classroom, and at home. Literacy builders covered range from music and instruments to magnetic letters, alphabet beads, and food. Literacy is a popular topic of discussion among librarians. Especially important is early literacy: what children know about reading and writing before they can actually read and write. In this book, experienced librarians Kathy Barco and Melanie Borski Howard share hands-on techniques that they have used to successfully promote early literacy and encourage family involvement. *Storytime and Beyond* teaches readers how to use literacy doodads, inexpensive props that add excitement to storytimes and can be used outside the library or classroom to enhance the basic components of any early literacy program: talking, singing, reading, writing, and playing. Many of the doodads can be created as family do-it-yourself projects, and some can be adapted to work with non-readers of any age. Instruments can also be a great way to get children's attention and teach literacy skills, whether it's a drum to beat while reading a story or a maraca for children to shake during a song. Lesson plans for musical storytimes address how to use rhythm, singing, and dancing to make early literacy fun. [Journey to Literacy: No Worksheets Required](#) Krista Flemington, Linda Hart-Hewins, Una Villiers, 2011 The play-based learning and individualized strategies in this practical book build on the wide range of literacy skills present in the kindergarten classroom.
