Censorial Sensitivities András Sajó, 2007 This book addresses the conflict between free speech and religion Religious authorities have long tried to discipline free speech when it runs counter to religious teachings or dogmas The reaction to the cartoons about the prophet Muhammad published in the Danish Jyllands Posten demonstrated the resonance of the accusation of blasphemy inside Islam The conflict is not however limited to Islam The Catholic Church and various Protestant churches have strongly expressed their hostility toward various books plays and films that they consider collective

defamation There is an increasing concern about the need to protect religious sensitivities against offensive speech in particular where such speech affects vulnerable minorities and collective identities based on religious affiliation The thought provoking essays in this book are a welcome contribution to the current debate on how to deal with the clash between free speech and religion in a world where a growing number of people are committed in a fundamental way to religion in everyday life

Miracles... and Other Ordinary Things Lana Ford,1995-10-01 What do you feel when a physician tells you that you have a brain tumor and that you are going to die in a few months How do you cope with two children under the age of three when the tumor leads to blindness How do you make sense of your life when the physician angry that you didn t die mumbles that he will now have to treat you as if you have multiple sclerosis Lana Ford was faced with these questions and began to answer them one by one over a two year period She was forced to examine the meaning of life to sort through her beliefs about health and illness living and dying and to discard all the cultural programming she had accepted since childhood Then she began to play with inventing other realities visualizing the internal workings of her own body and refusing to believe in anything outside her own experience She trusted only the inner wisdom found in meditation including exploration of past lives and conversations with angels Her body began healing and within months she was symptom free and has remained so for more than twenty years Yet at the time she knew in her heart that no one would believe her story In the twenty years following her illness she has been a seeker of wisdom finding information from ancient texts asking for translations of the Hebrew she found herself chanting studying with eminent astrologers theologians shamans quantum physicists and those on the leading edge exploring realms of consciousness With both humor and scientific evidence she shares the wisdom she found that miracles lie in the mysterious interpretations we make of the events in our own lives and the connections we make with each other

In Sickness and in Health Ben Mattlin,2018-01-30 A frank humorous exploration of interabled dating love and marriage Ben Mattlin s wife ML recalls falling in love with his confidence and sheer determination On one of their earliest dates he persuaded her to ride on his lap in his wheelchair on their way home from an Elvis Costello concert Thirty years later they still travel like this from time to time undaunted by the curious stares following them down the street But *In Sickness and in Health* is more than an inspiring story of how a man born with spinal muscular atrophy a congenital and incurable neuromuscular condition survived childhood graduated from Harvard married an able bodied woman built a family with two daughters and a cat and a turtle established a successful career in journalism and lived happily ever after As Mattlin considers the many times his relationship has been met with surprise or speculation by outsiders those who consider his wife a saint or him just plain lucky for finding love he issues a challenge to

readers why should the idea of an interabled couple be regarded as either tragic or noble Through conversations with more than a dozen other couples of varying abilities ethnic backgrounds and orientations Mattlin sets out to understand whether these pairings are as unusual as onlookers seem to think Reflecting on his own experience he wonders How do people balance the stresses of personal care help with the thrill of romance Is it possible that the very things that appear to be insurmountable obstacles to a successful relationship the financial burdens the physical differences the added element of an especially uncertain future could be the building blocks of an enviable level of intimacy and communication that other couples could only dream of We meet Shane Burcaw a twenty three year old writer who offers a glimpse of his first forays into dating with a disability There s Rachelle Friedman the paralyzed bride as the media refers to her and her husband discussing the joys and challenges of a new marriage and a growing family And Christina Crosby and her partner Janet Jakobsen reflect on how Crosby s disabling accident called for them to renegotiate their roles and expectations in their long term relationship What emerges is a candid glimpse into the challenges and joys of interabled love from the first blush of sexual awakening to commitment and marriage and through to widowhood *The New Harvard Guide to Women's Health* Karen J.
