*Mood in the Languages of Europe* Björn Rothstein, Rolf Thieroff, 2010 This book is the first comprehensive survey of mood in the languages of Europe It gives

readers access to a collection of data on mood Each article presents the mood system of a specific European language in a way that readers not familiar with this language are able to understand and to interpret the data The articles contain information on the morphology and semantics of the mood system the possible combinations of tense and mood morphology and the possible uses of the non indicative moods The papers address the explanation of mood from an empirical and descriptive perspective This book is of interest to scholars of mood and modality language contact and areal linguistics and typology

**A Functional Discourse Grammar Theory of Grammaticalization** Riccardo Giomi, 2023-01-30 Meaning change in grammaticalization has been variously described in terms of decreasing semantic weight and increasing generality abstraction intersubjectivity or discourse orientation The author shows that all these trends are subsumed by the notion of scope increase along a precise hierarchy of semantic and pragmatic layers of grammatical organization such as endorsed by Functional Discourse Grammar The scope increase hypothesis is immune from the exceptions and veritable counterexamples to all the aforementioned generalizations and has the decisive advantage of being more objectively measurable given its direct bearing on actual linguistic structure The extremely rare exceptions to this generalization are also addressed and found to always result from a type of change independent from grammaticalization the merger of two separate speech acts

*Bulletin of the Atomic Scientists*, 1997-01 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

**Preterit Expansion and Perfect Demise in Portuguese Spanish and Beyond** Guro Fløgstad, 2016-03-11 In Preterit Expansion and Perfect Demise in Portuguese Spanish and Beyond Guro Nore Fløgstad offers an original account of the way in which the Preterit category has expanded at the expense of the Perfect in Portuguese Spanish a variety spoken in Buenos Aires Argentina Through primary sources and a large cross linguistic sample Fløgstad convincingly shows that the expansion of a Preterit is not rare in the languages of the world This finding challenges the prevailing view in historical morphosyntax and especially in usage based grammaticalization theory namely the alleged preference for analytic over synthetic forms and the possibility of prediction based on the source meaning in grammaticalization This book is fully available in Open Access

**Reite Plants** Porer Nombo, James Leach, 2010-01-01 Reite Plants is a documentation and discussion of the uses of plants by speakers of the Nekgini language a people who reside in the hinterland of the Rai Coast in northern Papua New Guinea High quality images and detailed information about traditional customary practices using plants provide a unique entry into understanding Nekgini social and cultural life The book contains a discussion of the ownership of plant knowledge in the context of both local and contemporary global trends As a dual language coauthored text the book is a unique contribution to the ethnobotany and anthropology of Melanesia Reite Plants represents the product of a long term collaborative work between the authors

*Grammaticalization* Katerina Stathi, Elke Gehweiler, Ekkehard König, 2010 This volume contains a selection of papers on grammaticalization from a broad

perspective Some of the papers focus on basic concepts in grammaticalization research such as the concept of grammar as the endpoint of grammaticalization processes erosion uni directionality the relation between grammaticalization and constructions subjectification and the relation between grammaticalization and analogy Other papers shed a critical light on grammaticalization as an explanatory parameter in language change New case studies of micro processes of grammaticalization complete the selection The empirical evidence for and against grammaticalization comes from diverse domains subject control clitics reciprocal markers pronouns and agreement markers gender markers auxiliaries aspectual categories intensifying adjectives and determiners and pragmatic markers The languages covered include English and its varieties German Dutch Italian Spanish French Slavonic languages and Turkish The book will be valuable to scholars working on grammaticalization and language change as well as to those interested in individual languages

**Heterogeneity in Word-formation Patterns** Susanne Muehleisen, 2010 Postulated word formation rules often exclude formations that can nevertheless be found in actual usage This book presents an in depth investigation of a highly heterogeneous word formation pattern in English the formation of nouns by suffixation with ee Rather than relying on a single semantic or syntactic framework for analysis the study combines diachronic cognitive and language contact perspectives in order to explain the diversity in the formation and establishment of ee words It also seeks to challenge previous measurements of productivity and proposes a new way to investigate the relationship between actual and possible words By making use of the largest and most up to date electronic corpus the World Wide Web as a data source this research adds substantially to the number of attested ee words It furthermore analyses this word formation pattern in different varieties of English British vs American English Australian English Due to the multiplicity of approaches and analyses it offers the study is suitable for courses in English word formation lexicology corpus linguistics and historical linguistics

New Approaches to Slavic Verbs of Motion Viktoria Hasko, Renee Perelmutter, 2010 This volume unifies a wide breadth of interdisciplinary studies examining the expression of motion in Slavic languages The contributors to the volume have joined in the discussion of Slavic motion talk from diachronic typological comparative cognitive and acquisitional perspectives with a particular focus on verbs of motion the nuclei of the lexicalization patterns for encoding motion Motion verbs are notorious among Slavic linguists for their baffling idiosyncratic behavior in their lexical semantic syntactical and aspectual characteristics The collaborative effort of this volume is aimed both at highlighting and accounting for the unique properties of Slavic verbs of motion and at situating Slavic languages within the larger framework of typological research investigating cross linguistic encoding of the motion domain Due to the multiplicity of approaches to the linguistic analysis the collection offers it will suitably complement courses and programs of study focusing on Slavic linguistics as well as typology diachronic and comparative linguistics semantics and second language acquisition This important book is a model of in depth exploration that is much needed intra typological diachronic and synchronic exploration of contrasting ways of encoding a particular semantic domain in this case

the domain of motion events The various Slavic languages present contrasting but related solutions to the intersection of motion and aspect And as a group they offer alternate forms of satellite framed typology in contrast to the more heavily studied Germanic languages of this general type The up to date and interdisciplinary nature of the volume makes it essential reading in cognitive and typological linguistics Dan I Slobin Professor Emeritus of Psychology and Linguistics University of California Berkeley A feast for the mind with untold riches and variety different approaches patterns and usage diachronic as well as synchronic Slavic and not just Russian All on a high intellectual level from capable scholars Ful besy were the editors in every thing That to the feste was appertinent Alan Timberlake Columbia University

**Clause Linking and Clause Hierarchy** Isabelle Bril,2010 This collective volume explores clause linkage strategies in a cross linguistic perspective with greater emphasis on subordination Part I presents some theoretical reassessment of syntactic terminologies and distinctive criteria for subordination as well as typological methods based on sets of variables and statistics allowing cross linguistic comparability Part II deals with strategies relating to clause chaining conjunctive conjugations converbial constructions masdars Part III centers on the interaction between the syntax pragmatics and semantics of clause linking and subordination in relation to information structure to referential hierarchy and correlative constructions Part IV presents insights in the clause linking and subordinating functions of some TAM markers verbal inflectional morphology and conjugation systems which may also interact with information hierarchy via the backgrounding effects and lack of illocutionary force of some aspect and mood forms The volume is of particular interest to linguists and typologists working on clause linkage systems and on the interface between syntax pragmatics and semantics

**Modality and Subordinators** Jackie Nordstrom,2010 This book connects two linguistic phenomena modality and subordinators so that both are seen in a new light each adding to the understanding of the other It argues that general subordinators or complementizers denote propositional modality otherwise expressed by moods such as the indicative subjunctive and epistemic evidential modal markers The book explores the hypothesis both on a cross linguistic and on a language branch specific level the Germanic languages One obvious connection between the indicative subjunctive distinction and subordinators is that the former is typically manifested in subordinate clauses Furthermore both the indicative subjunctive and subordinators determine clause types More importantly however it is shown through data from various languages that subordinators themselves often denote the indicative subjunctive distinction In the Germanic languages there is variation in many clause types between both the indicative and the subjunctive and that and if depending on the speaker's and or the subject's certainty of the truth of the proposition

**Civic Insecurity** Vicki Luker,Sinclair Dinnen,2010-12-01 Papua New Guinea has a complex law and order problem and an entrenched epidemic of HIV This book explores their interaction It also probes their joint challenges and opportunities most fundamentally for civic security a condition that could offer some immunity to both

**The Chain of Being and Having in Slavic** Steven J. Clancy,2010 The complex diachronic and synchronic status of the concepts be and have can be understood

only with consideration of their full range of constructions and functions Data from modern Slavic languages Russian Czech Polish Bulgarian provides a window into zero copulas non verbal have expressions and verbal constructions From the perspective of cognitive linguistics be and have are analyzed in terms of a blended prototype model wherein existence copula for be and possession relationship for have are inseparably combined These concepts are related to each other in their functions and meanings and serve as organizing principles in a conceptual network of semantic neighbors including give take get become make and verbs of position and motion Renewal and replacement of be and have occur through processes of polysemization and suppletization involving lexical items in this network Topics include polysemy suppletion tense mood auxiliaries modality causatives evidentiality function words contact phenomena syntactic calques and idiomatic constructions
