Catholic to the Core! Kathy Husak-Tarnacki, 2022-02-17 Catholic to the Core was born out of a restlessness

in the heart of the author Since the early 1990s Kathy Husak Tarnacki felt a very distinct call from God to focus her skills and passions regarding education in a way that honored Christ in every way possible The call was so clear to her that she approached her pastor at the time and asked for permission to open a school within the church She had never been a principal and had never taken formal classes regarding administration but she knew that when God calls he equips And that he did The years that followed were filled with unexpected twists and turns in her professional career and her journey of faith from Catholicism to a non denominational setting then back to the Catholic Church Each step exposed her to new aspects of the possibilities and challenges present when you pursue Christ wholeheartedly as well as highlighting how far schools have fallen from fulfilling their God given purpose These experiences filled her heart and mind with thoughts questions concerns and possible solutions for the lukewarm atmospheres of many of our Catholic schools In 2014 she felt a tugging to begin to write her thoughts down on paper not sure exactly what the purpose would be Now in 2022 she is blessed with the opportunity to publish what she wrote and share it with the hope that it will encourage conversation reflection and determined action

International Handbook of Protestant Education William Jeynes, David W. Robinson, 2012-01-11 Since their earliest days institutions providing a Protestant education have always been respected and sought after for their rigor and relative freedom from dogma and despite today s secularism and plurality they remain so This international handbook is the ultimate companion to protestant schooling worldwide Its 39 chapters form the most comprehensive and wide ranging treatment of the subject yet available addressing Protestant education on all six inhabited continents and featuring the perspectives of leading authorities and public figures

The contributions cover in detail not only the facts and features of Protestant schooling in sundry nations but also integrate a range of themes common to them all themes so vital that they are of central concern to Christians around the world and of whatever denomination Some of these topics are school choice globalization Bible pedagogy and character education the fine arts parental involvement and the rise of Christianity in previously inaccessible locations such as China The handbook's stellar list of authors is a Who's Who of authorities on the subject and includes a renowned American evangelical a former historian of the US House of Representatives and White House consultants responsible for framing legislation The many contributors from outside the USA are leading academics conducting seminal research on numerous topics in the field Both exhaustive and authoritative The International Handbook of Protestant Education will be an invaluable asset to educators ministers parents policy makers political leaders of any denomination or none

Home Schooling Frederick M. Lawrence, 2007 From left to right on the political spectrum there is at least one note of agreement the nation's school system has not delivered universal quality education Accordingly debate has raged over how to rectify this situation Should the government increase funding encourage privatisation some of both Another option though has emerged and is seemingly gaining popularity home schooling Citing both substandard education and displeasure with school environments and curricula many parents have decided to teach their own children Supporters say it is well within their rights to raise their children as they see fit and that at home learning is superior to the public system Detractors claim that home schooled children are deprived of social interaction and the broad based education provided by the system Neither side wants to cede ground making the issue of home schooling an integral part of a wider national debate on education In this book the specific topic of home schooling is presented from all relevant sides to give a complete picture of the present status of the issue and its potential for future resolution Following this overview is a thorough and carefully selected bibliography of literature about home schooling from all viewpoints Easy access to this important resource is then provided via author title and subject indexes
