

Hello! Welcome to third grade at North Columbus Elementary School. I am excited about the school year ahead of us! This guide is to help you understand the expectations and procedures for this year. Please take this opportunity to talk with your child about these expectations and his or her responsibilities. We will review classroom rules and procedures until they become routine.

## Behavior and Classroom Management

We will use a behavior chart along with Class Dojo. As a class, we discussed and decided on our classroom rules today. Students are expected to follow the rules and will be encouraged to do their best each day.

### OUR CLASSROOM EXPECTATIONS:

1. Listen to others
2. Always do the right thing
3. Be helpful and kind
4. Show respect to everyone
5. Try my best

Students are expected to try their best behaviorally and academically. Everyone will begin each day on "green". Each color symbolizes their achievements in behavior for the day. If students are making good choices and having a great day, they can move their clip up.

After the first verbal warning, each time a student chooses to act inappropriately, they will move their clip down. However, students have the opportunity to correct their behavior and clip back up before the end of the day.

At the end of the day, students will color their behavior in their agenda. They will also be rewarded with Dojo points based on the color they achieved: green = 1, blue = 2, purple = 3, pink = 4. Yellow, orange, and red will result in 0 (neutral points). Dojo points will be deducted for each rule broken during the day. This allows parents, teachers, and administrators to get specific feedback for students to improve their behavior.

## Incentives

The class will be rewarded for outstanding group behavior by earning "Super Stars" towards various treats, as voted by the class. Individual students will earn Dojo points each day for (but not limited to) arriving on time, completing homework, getting their agenda signed, and behavior for the day.

Students will be able to "cash in" their Dojo points for various incentives including homework passes, pencils, treasure box, coupons, candy and more! This will not occur during instructional time.

Additionally, students will earn time toward Fun Friday according to their behavior points and completion of homework and classwork. Students will complete missing and incomplete work during their Fun Friday. In the event your child has a discipline referral, he or she will miss Fun Friday for that week.

## Agenda/Planner

Agenda folders will be sent home each afternoon. Our weekly newsletter, important information, announcements, and homework will be in this folder. Please use this as a home/school connection to send notes and to return important papers. Encourage your child to be accountable and keep up with his or her folder; it is the student's responsibility, not yours. Class Dojo points will be earned each night that students return their agenda signed.

Devlin, Caroline L. Holloway, Alexandra J. Stewart, 2015-10-14 The only comprehensive guide to the latest knowledge and techniques in brachytherapy Since the first edition was published in 2006 Phillip M Devlin s Brachytherapy has been acknowledged as the essential book on the practice In this updated new edition all chapters covering cancer sites have been significantly revised Organized for specialists in several fields Brachytherapy contains site specific chapters that discuss how the evolving role of advanced image guidance has demonstrated greater efficacy and less toxicity Clinical vignettes with images now accompany all site specific chapters The chapter on prostate brachytherapy has been expanded to include other indications in the genitourinary system and there are two entirely new chapters one chronicling the history of brachytherapy and the other

detailing the emergence of skin brachytherapy Dr Devlin a leading world authority on brachytherapy has assembled other leaders in the field from world renowned radiation oncology programs to enrich this comprehensive text From new data on medical outcomes to the costs and benefits of running a brachytherapy practice Brachytherapy Second Edition is the first and last word on what still is considered the most conformal radiotherapy technique in the field In the new edition Over 300 images accompany the chapter text and clinical vignettes Essential tables and spreadsheets enhance the chapter on running a brachytherapy practice Ten years of technological advancements are assimilated and reviewed in each site specific chapter Includes access to the fully searchable downloadable ebook From the Foreword As education is essential to advance awareness of and proficiency in the full spectrum of brachytherapy applications the appearance of the second edition of this highly regarded text is both a timely and most welcome event The distinguished list of contributors to this work reads like a veritable Who's Who of international brachytherapy expertise making this an indispensable resource for students and practitioners of this complex and challenging modality A particularly welcome feature is the clinical vignettes at the close of every chapter that bring seemingly remote concepts to life in real world practical applications With the second edition of Brachytherapy Applications and Techniques Dr Devlin and colleagues give us a text that instills a profound appreciation for the critical value of this essential modality This book makes it clear that brachytherapy not only works it is an irreplaceable component of contemporary cancer care David Wazer MD FACRO FACR FASTRO Professor and Chairman Departments of Radiation Oncology Alpert Medical School of Brown University Providence RI *New Research Directions in DNA Repair* Clark Chen, 2013-05-22 This book is intended for students and scientists working in the field of DNA repair Select topics are presented here to illustrate novel concepts in DNA repair the cross talks between DNA repair and other fundamental cellular processes and clinical translational efforts based on paradigms established in DNA repair The book should serve as a supplementary text in courses and seminars as well as a general reference for biologists with an interest in DNA repair

Endocrine Surgery Comprehensive Board Exam Guide Alexander L. Shifrin, Marco Raffaelli, Gregory W. Randolph, Oliver Gimm, 2022-01-19 Every surgical subspecialty has been rapidly developing with establishment of the board certification The Division of Endocrine Surgery DES of the European Board of Surgery has defined the curriculum for Endocrine Surgery to include thyroid parathyroid adrenal and GEP NET surgery and handles accreditation in Endocrine Surgery The first examinations in Endocrine Surgery in Europe have been introduced in 2003 The main goal of the exam is to maintain a uniform and high standard of endocrine surgical professionalism across the Europe This book was completed with the expectation that it would benefit all European surgeons looking to be certified in Endocrine Surgery Additionally surgeons from the United States and other non EU countries we hope will also benefit from this book There is a need for a specialized book that reviews evidence based endocrine surgery that aligns itself with current curriculum standards in the field The book contains knowledge that is expected to be known on the board examination of the DES In general chapters start with a

patient's case followed by questions. The subsequent comprehensive yet concise main text provides all the information needed for a successful DES exam and cites important references. After the patient case and questions, the text goes on to define the condition, the standard of care, approach to establish the diagnosis, perform diagnostic tests of choice, review evidence-based treatment options including medical therapy, preparation for surgery. The chapters conclude with follow-up care and long-term outcomes. The topics discussed within this book closely follow the curriculum of the European Board of Surgery Examination. Written by experts in the field, **Endocrine Surgery Comprehensive Board Exam Guide** is a valuable source of preparation for the Endocrine Surgery examination and brings Endocrine Surgery to a higher level of expertise by helping to raise the standard of training for future endocrine surgeons. **Growing Language Through Science, K-5** Judy Reinhartz, 2015-03-25 Foster life-long teacher learning embedded in effective teaching practices and the science standards. Science is a natural motivator and an academic engine for utilizing language, but it is the teacher who is the key to fostering the innate curiosity in each learner. *Growing Language Through Science* offers a model for contextualizing language and promoting academic success for all students, particularly English learners in the K-5 science classroom through a highly effective approach that integrates inquiry-based science lessons with language-rich, hands-on experiences. You'll find a wealth of instructional tools to support and engage students with links to the Next Generation Science Standards (NGSS), Presentation and assessment strategies that accommodate students' diverse needs while encouraging them to use communicative language (speaking, listening, reading, and writing). Ready-to-use templates and illustrations to enrich the textual discussion. Field-tested teaching strategies framed in the 5Es used in monolingual and bilingual classrooms. Reflection exercises that enhance teacher instructional decision-making. Use this timely resource to build students' science and language skills simultaneously while helping them find the joy in learning. This book is timely, informative, and accessible to the practitioner. As an administrator, I would love to use this resource with our staff as a way to generate dialogue around the NGSS and the implementation of science as the content for language arts integration. Thelma A. Davis, Principal, Clark County School District, Las Vegas, NV. The book's major strengths are taking multiple teaching strategies that are proven to be beneficial for English learners and putting them together in an easy-to-understand format, allowing the teacher a view of what a lesson should look like, as well as numerous ready-made lessons to follow. Lyneille Meza, Coordinator of Data Assessment, Denton ISD, Denton, TX.
