This Is Herman Cain My Journey To The White House:

This Is Herman Cain! Herman Cain, 2014-11-15 Former CEO of Godfather's Pizza answers his most asked question Who is Herman Cain When Herman Cain speaks people listen When he debates he wins If you care about the future of America you have heard of the down to earth political newcomer running for president the straight talking man of the people with blunt assessments of what America needs Originally overlooked by mainstream politicians and media Herman Cain is truly a candidate from outside the Beltway but no longer one who is being ignored BUT WHO IS HE While Herman Cain has been the host of a popular conservative Atlanta area radio talk show called The Herman Cain Show a different name originally captured American interest As CEO Herman Cain transformed Godfather's Pizza from a company teetering on the verge of bankruptcy into a household word Cain as those with an interest in commonsense solutions to political problems will remember is also famous for using the language and logic of everyday business to expose the fallacies inherent in Clinton assumptions about Hillarycare during a 1994 televised town hall meeting WHAT IS HIS STORY Herman Cain's rise is the embodiment of the American dream His parents Luther and Lenora Cain made a living the only way black people could in the 40s and 50s Luther held down three jobs including being a chauffeur Lenora cleaned houses They had two big dreams to buy a house and to see their sons graduate from college With dedication and hard work they made both these dreams come true In this thrilling memoir Herman Cain describes his past and present and the future he is determined to create a future that will put our country back on track His message resonates because he describes the American reality and his down to earth personal tale of hope and hard work is both unforgettable and inspirational What is it in my DNA that years ago prompted me to forgo the ease of cruise control and take on the enormous challenge of doing my part toward making America a better place for my granddaughter and the generations to come Why do I a son of the segregated South refuse to think of myself as a victim of racism What is it that motivates me to insist on defining my identity in terms of ABC as being American first black second and Conservative third Just who is Herman Cain And how did I get this way Just a hint it may have had something to do with lessons learned from my parents Lenora and Luther Cain Jr From This Is Herman **The Black President** Claude

Andrew Clegg, 2021-10-12 With lively prose and sensitivity to context this book offers a sweeping authoritative history of the Obama presidency focusing particularly on its impact and meaning vis vis African Americans This interpretative account captures the America that made Obama's White House years possible while at the same time rendering the America that resolutely resisted the idea of a Black chief executive thus making conceivable the ascent of his most unlikely of successors

The Wrongs of the Right Matthew W. Hughey, Gregory S. Parks, 2016-05-03 A dissection of the language of the far right showing the continued although masked biases inherent in their message *An American History Lesson and a Wake up Call for America* Jack B. Walters, 2013-07-25 These articles and book reports have been written in the hope that readers could believe as I do that the world including our country is in great danger for multiple of reasons 1 The spread of adherents to

Islam threaten to engulf all persons of different faiths They are winning through violence but also just by having more babies than every other culture The leaders of Europe and America refuse to accept how evil this belief system is and how they have only one agenda and that is to have dominion over all nations 2 Our Constitution has been destroyed by the administration of President Obama and the Supreme Court He does whatever he wants regardless of the Congress The Court extended the commerce authority to allow the government to force citizens to purchase a service and allowed the corporations to spend anything they want to affect the outcome of elections 3 We are drowning in debt but continue to add costly programs making it even worse without making any attempt to reduce the strain Military adventures continue without end Government handouts to the so called needy have created a permanent underclass of people being supported while not required to put forth effort 4 The government refuses to take the steps needed to become energy efficient which could be accomplished easily thereby freeing us from OPEC For those of you who don't remember in the 50s we exported oil *The 2012*

Nomination and the Future of the Republican Party William J. Miller Jr., 2013-08-28 The 2012 Republican nomination process went on longer than most pundits predicted early on While Mitt Romney began the season as the prohibitive favorite he was tested repeatedly by what was seemingly the Republican flavor of the week including Michele Bachmann Herman Cain Rick Perry Newt Gingrich and Rick Santorum The sheer number of candidates who were viewed as legitimate contenders demonstrate the fundamental concern facing Republicans moving forward a fractured party The pro business Tea Party and evangelical Christian wings disagreed in 2010 on who would provide the best alternative to Democratic President Barack Obama and as a result created a crippling nomination period By the time Romney was able to claim victory he was severely wounded after countless attacks from his fellow Republicans To this internal discontent we can also add the changing national demographics that could lead to electoral problems for Republicans in their own right Consider that Mitt Romney did better with older white male voters than John McCain had Unfortunately the share of the national vote for this demographic decreased from 2008 to 2012 As Rand Paul stated recently the time has come for Republicans to reach out to individuals who do not fit the stereotyped Republican image if they have any hope of being successful In this volume we assess how the 2012 GOP nomination cycle is indicative of just how the Republican Party has become in the words of pundit Cuck Warren a Mad Men Party in a Modern Family World *Scalping Jackals* Rob Rimes, 2014 Rob Rimes largest work yet *Scalping Jackals* covers the day to day developments of the 2012 presidential election cycle from the earliest moments of the Republican primary debates all the way through to the final result of the showdown between President Barack Obama and Republican nominee Mitt Romney Deconstructing every event in this 18 month political journey from the point of view of an often times inebriated Ron Paul supporter Rimes offers up the same hardcore commentary and insight he has been best known for in his previous books as well as on his former blog TheSwash.com A year and a half in the making and several thousand shots of bourbon later Rob Rimes leaves you with his magnum opus the story of a man going from trying to tame

and overcome the failed political process to loathing it to the point of anarchistic disdain Don't say that you haven't been warned this isn't for the faint of heart or the overly sensitive and easily offended *We the Black People: Untold Truths of Black American History* Jude A. Elliott, 2025-05-17 It is important to the survival of a people their culture to have an accurate complete account of their history For way too long in United States History African Americans have been subjected to whitewashing segmented telling of their history until now *We the Black People Untold Truths of Black American History* changes this We begin at 1441 tell as comprehensive a story about the plight of Africans in the New World United States through the present We cover well known little known topics as well as analyze the role of white supremacy in the struggle for African Americans throughout the history of the United States Despite the challenges there were many successes in the Black Experience *We the Black People* is a book long overdue to expose the American citizenry to an aspect of its history long overlooked Campaigns and Elections American Style James A Thurber, 2018-04-19 Dramatic changes in political institutions and behavior over the past three decades have underscored the dynamic nature of American politics confronting political scientists with a new and pressing intellectual agenda The pioneering work of early postwar scholars while laying a firm empirical foundation for contemporary scholarship failed to consider how American politics might change or recognize the forces that would make fundamental change inevitable In reassessing the static interpretations fostered by these classic studies political scientists are now examining the underlying dynamics that generate transformational change *Transforming American Politics* is a series that brings together texts addressing four closely related aspects of change A first concern is documenting and explaining recent changes in American politics in institutions processes behavior and policymaking A second is reinterpreting classic studies and theories to provide a more accurate perspective on postwar politics The series looks at historical change to identify recurring patterns of political transformation within and across the distinctive eras of American politics Last and perhaps most important the series presents new theories and interpretations that explain the dynamic processes at work and thus clarify the direction of contemporary politics All of the books focus on the central theme of transformation transformation in both the conduct of American politics and in the way we study and understand its many aspects **Last Man Standing** Danielle Sarver Coombs, 2013-11-14 When Barack Obama was re-elected president in November 2012 his Republican challenger Mitt Romney took the blame for being alternately too moderate or too conservative Critics from both within and outside of his party claimed his vast wealth made him unappealing to voters and that his robotic persona meant he just could not connect How then did he win the nomination What happened during the twelve month build up to Romney being named the presumptive nominee for the Republican Party that helped define him as both a man and a candidate Furthermore how did media coverage frame his competitors and the race itself a contest characterized by its rollercoaster nature *Last Man Standing* examines mainstream media coverage of the 2012 Republican primary season to identify and examine the frames used to make sense of the candidates and the race Through an exhaustive

analysis of candidate related coverage from six major media outlets The New York Times Wall Street Journal and Washington Post for newspapers CNN Fox News and MSNBC for cable news networks Coombs weaves her examination of media frames into a compelling narrative reconstruction of the 2012 primary season This book features Exhaustive analysis of mainstream media coverage over a twelve month period Smart insightful exploration of media frames Chronological structure which allows for analysis to address how frames shift with candidate s fortunes

Profiles in Ignorance Andy Borowitz, 2022-09-13 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER WASHINGTON POST BESTSELLER Andy Borowitz one of the funniest people in America CBS Sunday Morning brilliantly chronicles our embrace of anti intellectualism Walter Isaacson in American politics from Ronald Reagan to Dan Quayle from George W Bush to Sarah Palin to its apotheosis in Donald J Trump Andy Borowitz has been called a Swiftian satirist The Wall Street Journal and one of the country s finest satirists The New York Times Millions of fans and New Yorker readers enjoy his satirical news column The Borowitz Report Now in Profiles in Ignorance he delivers a wittily alarming polemic that tracks the evolution of American politics from grounds for gravitas to festival of idiocy The New York Times Borowitz argues that over the past fifty years American politicians have grown increasingly allergic to knowledge and mass media have encouraged the election of ignoramus by elevating candidates who are better at performing than thinking Starting with Ronald Reagan s first campaign for governor of California in 1966 and culminating with the election of Donald J Trump to the White House Borowitz shows how during the age of twenty four hour news and social media the US has elected politicians to positions of great power whose lack of the most basic information is terrifying In addition to Reagan Quayle Bush Palin and Trump Borowitz covers a host of congresspersons senators and governors who have helped lower the bar over the past five decades Profiles in Ignorance aims to make us both laugh and cry laugh at the idiotic antics of these public figures and cry at the cataclysms these icons of ignorance have caused But most importantly the book delivers a call to action and a cause for optimism History doesn t move in a straight line and we can change course if we act now
