For readers who enjoyed Alexandra Heminsley s *Running like a Girl* and Bryony Gordon s *Mad Girl* *Running for my Life* is a hilarious heartfelt and inspirational story of one woman s marathon journey through mental illness Throughout her life Rachel Cullen followed a simple yet effective route straight to mental health misery Suffering from bipolar disorder and hungry for approval at any price she settled for flunked relationships an ill fitting career and poor health to match Whilst mindlessly seeking a utopian vision of normality that she was mis sold and so desperate to achieve the solution seemed increasingly illusive Stuck in this endless cycle of disappointment with her life and not knowing how to handle the strain of her mental illness she put on a pair of old trainers She d never been able to think of herself as a runner and the first time she forced herself out the door she knew it would hurt Everywhere She just didn t realise how much it would heal her too Interspersed with Rachel s real diary

entries from tortuous teen years to eventually running the London Marathon Running for my Life will make you laugh cry and question whether you really can outrun your demons **The Story of My Life** Sir Edward Clarke,1919 *Mobility and Migration Choices* Martin van der Velde,Ton van Naerssen,2016-03-03 The crossing of national state borders is one of the most discussed issues of contemporary times and it poses many challenges for individual and collective identities This concerns both short distance mobility as well as long distance migration Choosing to move or not across international borders is a complex decision involving both cognitive and emotional processes This book tests the approach that three crucial thresholds need to be crossed before mobility occurs the individual s mindset about migrating the choice of destination and perception of crossing borders to that location and the specific routes and spatial trajectories available to get there Thus both borders and trajectories can act as thresholds to spatial moves The threshold approach with its focus on processes affecting whether when and where to move aims to understand the decision making process in all its dimensions in the hope that this will lead to a better understanding of the ways migrants conceive perceive and undertake their transnational journeys This book examines the three constitutive parts discerned in the cross border mobility decision making process people borders and trajectories and their interrelationships Illustrated by a global range of case studies it demonstrates that the relation between the three is not fixed but flexible and that decision making contains aspects of belonging instability security and volatility affecting their mobility or immobility *The PhD Experience in African Higher Education* John Mashayamombe,Ruth Murambadoro,uMbuso weNkosi,2022-11-08 The PhD Experience in African Higher Education edited by Ruth Murambadoro John Mashayamombe and uMbuso weNkosi addresses the growing call to invest in the humanities and social sciences by exploring the nature of doctoral training in select institutions of higher learning in South Africa In the past two decades South Africa has become a key player in the global higher education landscape and dubbed the hub for doctoral training in Africa because of its developed educational infrastructure and highly ranked universities Given South Africa s positioning the contributors in this volume argue that the government donors universities and faculty have a socio legal duty to ensure that doctoral programs in the humanities and social sciences are not offered to amass numbers of African graduates but are grounded on equipping students with both hard and soft skills necessary to succeed This is achieved by offering skills training and research apprenticeships fostered in communities of practice because as the contributors show the humanities and social sciences are the backbone of society Furthermore they argue that treating doctoral candidates as equal partners is emancipatory because intellectual projects are best nurtured through collaborative learning Struggles for Self-Determination Josiah Brownell,2021-12-02 A unique comparative study between four secessionist states in postcolonial Africa and their struggles to obtain sovereign recognition **Diary of an African Journey** H. Rider Haggard,2001-08 In 1914 Haggard the author of colonialist novels King Solomon s Mines and She returned to a South Africa which had greatly changed since the first visits of his youth This account of his journey as a member of the
