

A man with short brown hair, wearing a white turtleneck and a brown coat, is shown from the chest up, looking out over a city skyline at sunset. The city is filled with tall buildings, and a large bridge is visible in the background. The sky is a mix of orange, yellow, and green.

Samuel Beckett and Experimental Psychology Joshua Powell, 2020-01-23 Samuel Beckett's private writings and public work show his deep interest in the workings of the human mind Samuel Beckett and Psychology is an innovative study of the author's engagement with key concepts in early experimental psychology and rapidly developing scientific ideas about perception attention and mental imagery Through innovative new readings of Beckett's later dramatic and prose works the book reveals the links between his aesthetic method and the methodologies of experimental psychology through the 20th century Covering important later works including *Happy Days* *Not I* and *Footfalls* Samuel Beckett and Psychology sheds important new light on Beckett's depictions of the workings of the embodied mind *Samuel Beckett's Lyric Failure* Mantra Mukim, 2025-03-06 Providing one of the first book length accounts of Samuel Beckett's poetry this work illustrates how Beckett's poetry and its failures reconfigure the lyric form Reading Beckett alongside nineteenth and twentieth century European poets such as Holderlin Mallarmé Rimbaud Montale and Apollinaire the book situates failure in the triangulation of the lyric impulse subjectivity and the human voice Beckett in his poems employs lyric tactics that range from deixis parataxis and caesura to specific kinds of timbre resonances and punctuations These tactics situate the poetic voice in the liminal points between life and death event and non event beginning and ending and more broadly between expression and failure The book frames these liminalities under the rubric of lyric failure Moving beyond the usual comparisons with his prose and drama the study highlights failure as a generative force that structures Beckett's anti expressive poetics *On the Daily Work of Psychodynamic Psychotherapy* Ian Miller, Alistair Sweet, 2018-04-19 On the Daily Work of Psychodynamic Psychotherapy is an operating manual for the challenging often lonely and confusing work of doing therapy It locates clinical method in a historical tradition of many contributory workers including Freud Breuer Klein Segal Ferenczi Waelder Katan Tausk Sullivan Lacan Bion and Ogden In this way the book links clinicians with psychoanalytic thinkers across the foreclosures of scholastic orientation and politics to arrive at a methodology based in interpretive reflection and demonstrably active from the period of psychoanalytic origins as an application of the influence of mind upon mind The authors provide the reader with a methodology of clinical thinking of how clinicians orient themselves in clinical registration moment by moment It develops a route of fundamental therapeutic action applicable under all clinical situations from the single session consultation to intensive long term psychoanalytic psychotherapy **Beckett's Art of Salvage** Julie Bates, 2017-04-19 Introduction Miscellaneous Rubbish Relics Heirlooms Props Treasure Conclusion **Samuel Beckett** Angela B. drama in the light of contemporary trauma theory Through a series of sustained close readings the study demonstrates how the comings and goings of Beckett s prose unsettles the Western philosophical tradition it reveals how Beckett s live theatrical productions are haunted by the rehearsal of traumatic repetition and asks what his ghostly radio recordings might signal for twentieth century modernity Drawing from psychoanalytic and poststructuralist traditions Beckett s Late Stage explores how the traumatic symptom allows us to rethink the relationship between language meaning and identity after 1945

Samuel Beckett's 'More Pricks Than Kicks' John Pilling,2011-07-21 An in depth study of Samuel Beckett s first published book of fiction *The Wolf King* Abigail Krasner Balbale,2023-01-15 Winner of the Wallace K Ferguson Prize Winner of the Dionisius A Agius Book Prize *The Wolf King* explores how political power was conceptualized constructed and wielded in twelfth century al Andalus focusing on the eventful reign of Muhammad ibn Sad ibn Ahmad ibn Mardan sh r 1147 1172

Celebrated in Castilian and Latin sources as el rey lobo rex lupus and denigrated by Almohad and later Arabic sources as irreligious and disloyal to fellow Muslims because he fought the Almohads and served as vassal to the Castilians Ibn Mardan sh ruled a kingdom that at its peak constituted nearly half of al Andalus and served as an important buffer between the Almohads and the Christian kingdoms of Castile and Aragon Through a close examination of contemporary sources across the region Abigail Krasner Balbale shows that Ibn Mardan sh s short lived dynasty was actually an attempt to integrate al Andalus more closely with the Islamic East particularly the Abbasid caliphate At stake in his battles against the Almohads was the very idea of the caliphate in this period as well as who could define righteous religious authority The Wolf King makes effective use of chronicles chancery documents poetry architecture coinage and artifacts to uncover how Ibn Mardan sh adapted language and cultural forms from around the Islamic world to assert and consolidate power and then tracks how these strategies and the memory of Ibn Mardan sh more generally influenced expressions of kingship in subsequent periods Open access edition funded by the National Endowment for the Humanities *Journal of Beckett Studies* ,1976
