The Department Chair Christopher J. Jochum, 2021-12-15 While serving as a department chair can be one of the most rewarding leadership positions in higher education it is also one for which most people are not adequately prepared Given the significance of this position and its impact on students faculty and staff this book provides a practical approach to leadership based upon the notion that the best way to improve organizations and the lives of those within them is by improving their leaders As a result readers will first be challenged to identify their true intentions for leading as a department chair which means acknowledging that what makes one a successful faculty member does not by itself equate to being an effective leader In addition readers will learn how to establish a healthy culture the importance of hiring how to courageously address conflict the value of mentoring and developing others along with the significance of effectively leading students In addition readers will learn about crisis leadership and how to effectively assess if and when it s time to move on from the chair position
