Book Review, 2015 Beyond the End of the World Amie Kaufman, Meagan Spooner, 2022-01-18 Perfect for fans of

Brandon Sanderson and Laini Taylor this much anticipated sequel to New York Times bestselling authors Amie Kaufman and Meagan Spooner's *The Other Side of the Sky* is a thrilling race against time with a tantalizing star-crossed love and an electric conclusion. Time to find a way between worlds. Time to find each other again. Time to do the impossible. Above in the cloudlands, Nimh has no memory of her past, only an aching, undying certainty that she has left something, someone behind. But while she struggles to recall her identity, an imposter wields her name with deadly purpose. Below on the surface, North looks to the sky desperate to join the person he loves and return to his world. But with only a traitor willing to help him and others clamoring for him to take Nimh's place, his home seems more unreachable than ever. Tragedy looms as the cloudland engines falter and mist rains terror on the surface, and in their desperation to reunite and save their people, Nimh and North face one ultimate question: can they defy their love and their destiny to save their homes? Or will the spark between them ignite their worlds and consume them all together?

Praise for *The Other Side of the Sky*: Amie Kaufman and Meagan Spooner prove they are two living goddesses of writing, creating two compelling worlds with high stakes and gripping emotions. Unearthed Amie Kaufman, Meagan Spooner, 2001-08-01 From the New York Times bestselling author duo comes a literally breathtaking new sci-fi series about a death-defying mission on an alien planet. E. K. Johnston: When Earth intercepts a message from a long-extinct alien race, it seems like the solution humanity has been waiting for. The Undying's advanced technology has the potential to undo environmental damage and turn lives around, and their message leads to the planet Gaia, a treasure trove waiting to be explored. For Jules Addison and his fellow scholars, the discovery of an ancient alien culture offers unprecedented opportunity for study as long as scavengers like Amelia Radcliffe don't loot everything first. Despite their opposing reasons for smuggling themselves onto the alien planet's surface, they're both desperate to uncover the riches hidden in the Undying temples. Beset by rival scavenger gangs, Jules and Mia form a fragile alliance, but both are keeping secrets that make trust nearly impossible. As they race to decode the ancient messages, Jules and Mia must navigate the traps and trials within the Undying temples and stay one step ahead of the scavengers on their heels. They came to Gaia certain that they had far more to fear from their fellow humans than the ancient beings whose mysteries they're trying to unravel. But the more they learn about the Undying, the more Jules and Mia start to feel like their presence in the temple is part of a grand design, one that could spell the end of the human race. A fast-paced SF adventure, a nerve-racking cliffhanger. [Publishers Weekly](#)
