Victorian Women and the Economies of Travel, Translation and Culture, 1830-1870 Judith Johnston, 2016-02-24 Both travel and translation involve a type of journey one with literal and metaphorical dimensions Judith Johnston brings together these two richly resonant modes of getting from here to there as she explores their impact on culture with respect to the work of Victorian women Using the metaphor of the published journey whether it involves actual travel or translation Johnston focusses particularly on the relationships of various British women with continental Europe At the same time she sheds light on the possibility of appropriation and British imperial enhancement that such contact produces Johnston s book is in part devoted to case studies of women such as Sarah Austin Mary Busk Anna Jameson Charlotte Guest Jane Sinnett and Mary Howitt who are representative of women travellers translators and journalists during a period when women became increasingly robust participants in the publishing industry Whether they wrote about their own travels or translated the foreign language texts of

other writers Johnston shows women were establishing themselves as actors in the broad business of culture In widening our understanding of the ways in which gender and modernity functioned in the early decades of the Victorian age Johnston s book makes a strong case for a greater appreciation of the contributions nineteenth century women made to what is termed the knowledge empire

Travel Narratives, Travel Fictions Daniel Cooper Alarcón,2024-02-02 In Travel Narratives Travel Fictions Daniel Cooper Alarc n argues that travel literature performs important social and cultural criticism often overlooked in studies of the genre By examining non fiction and fiction novels and short stories that purposefully examine different types of travel in relationship to each other Cooper Alarc n documents and highlights the sophisticated ways that both types of writing have anticipated and contributed ideas central to critical studies of travel tourism and migration The author uses the term travel fictions to illustrate the ways in which travel narratives supposed factual accounts of travel often misrepresent distort and fabricate notions about the people and places they purport to describe creating useful mythologies and hinting at the ways in which the acts of reading and writing have become an integral part of traveling shaping not just itineraries but perceptions and beliefs about places travelers visit Both types of travel writing are influential in this regard and they frequently borrow from one another mutually reinforcing ideas tropes and modes of representation often in problematic ways
