The Gallery at Cleveland House Anne Nellis Richter, 2024-06-27 In 1806 the Marquess and Marchioness of Stafford opened a gallery at Cleveland House, London, to display their internationally renowned collection of Old Master paintings to the public. A ticket to the gallery's Wednesday afternoon openings was a sought-after prize, granting access to the collection and the house's dazzling interior in the company of artists, celebrities, and Britain's elite. This book explores the gallery's interior through the lens of its abundant material culture, including paintings in gilded frames, furniture, silver, oil lamps, flower arrangements, and the numerous printed catalogues and guidebooks that made the gallery visible to those who might never

cross its threshold Through detailed analysis of these objects and a wide range of other visual material textual and archival sources the book presents the gallery at Cleveland House as a methodological case study on how the display of art in the 19th century was shaped by notions about public and private space domesticity and the role art galleries played in the formation of national culture In doing so the book also explains how and why magnificent private galleries and the artworks and objects they contained gripped the public imagination during a critical period of political and cultural transformation during and after the Napoleonic Wars Combining historical cultural and material analysis the book will make essential reading for researchers in British art in the Regency period museum studies collecting studies social history and the histories of interior decoration and design in the 18th and 19th centuries **World Collectors Annuary** ,1994 **Thomas**

Class, Gender, and Sexuality in Thomas Gainsborough's Blue Boy Valerie Hedquist,2019-07-08 The reception of Thomas Gainsborough s Blue Boy from its origins to its appearances in contemporary visual culture reveals how its popularity was achieved and maintained by diverse audiences and in varied venues Performative manifestations resulted in contradictory characterizations of the painted youth as an aristocrat or a regular fellow as masculine or feminine or as heterosexual or gay In private and public spaces where viewers saw the actual painting and where living and rendered replicas circulated Gainsborough s painting was often the centerpiece where dominant and subordinate classes met gender identities were enacted and sexuality was implicitly or overtly expressed Pictures in the Collection of J. Pierpont Morgan at Princes Gate & Dover House. London John Pierpont Morgan,1907 **Light Touches** Alice Barnaby,2016-11-10 Light

Touches Cultural Practices of Illumination 1800 1900 explores how urban lives in the nineteenth century were increasingly touched by innovations in the technologies and aesthetics of illumination Dramatic changes in qualities of light and darkness became acutely palpable to the human sensorium using seeing feeling and being in light were now matters of intense personal and cultural concern Light gave meaningful vitality to the period s material culture and light itself became something to be perceptually consumed Over the course of six chapters Alice Barnaby traces how light was used in amateur artistic pastimes interior design and clothing fashions spectacular public amusements volatile street demonstrations and art

gallery designs From these previously unexplored examples a more complex history of light in the period emerges Society's fascination with illumination its desire to work with it and make meaning from it gave rise to a distinctly new set of cultural practices Through these practices unexpected discoveries about the modern world were revealed Light proved to be instrumental in everyday acts of experimentation and imaginative enquiry Barnaby offers an intervention into the dominant scholarly narrative of the nineteenth century which traditionally reads modernity as synonymous with the formation of a spectacular disembodied visuality Light Touches in contrast returns vision to the body and foregrounds the actively felt as well as seen sensation of light In coming to understand these cultural practices of illumination the book reconsiders many assumptions about nineteenth century modernity

Paul Mellon's Legacy John Baskett,Jules David Prown,Duncan Robinson,Brian Allen,William S. Reese,William J. Reese,Yale Center for British Art,Royal Academy of Arts (Great Britain),2007-01-01 Paul Mellon 1907 1999 was an unparalleled collector of British art His collection now at Yale in the museum and study center he founded to house it

rivals those in Britain's national museums and is unquestionably the most comprehensive representation of British art held outside of the United Kingdom. This book and the exhibition that it accompanies celebrate the centenary of his birth. Five introductory essays examine Mellon's extraordinary collecting activity as well as his role in creating both the Yale Center for British Art and the Paul Mellon Centre for Studies in British Art in London as gifts to his alma mater Yale. 1929. A lavishly illustrated catalogue section showcases 148 of the most exquisite and important paintings, watercolors, drawings, prints, sculpture, rare books and manuscript material in the Yale Center's collection, including major works by Thomas Gainsborough, Joshua Reynolds, George Stubbs, John Constable and J. M. W. Turner. *Painting in Britain, 1530 to 1790* Ellis Kirkham Waterhouse, 1994-01-01. The field covered by this volume includes the work and influence of foreign-born painters such as Holbein and Van Dyck as well as native masters from Gower and Milliard to Gainsborough, Stubbs and Sandby. We can follow step by step the development and flowering of British painting and can compare, for example, the work of the English Sir Joshua Reynolds with the Scottish Allan Ramsay. Portrait and landscape, history piece, miniature, watercolour: there is a record of them all. The text is both scholarly and readable, and the illustrations include well-known examples of British painting and others seldom or never before reproduced between the covers of a book. This is the fifth edition of this work, newly enhanced with colour illustrations. **The Connoisseur**, 1905 **The German and Flemish Masters in the National Gallery** Lady Mary Helene (Marten) Witt, 1904 Thomas Gainsborough Paul Spencer-Longhurst, Janet M.
