Those Wild Wyndhams Three Sisters At The Heart Of Power:

Those Wild Wyndhams Claudia Renton, 2018-06-05 The three dazzlingly beautiful wildly rich Wyndham sisters part of the four hundred families that made up Britain's ruling class at the center of cultural and political life in late Victorian Edwardian Britain Here are their complex idiosyncratic lives their opulent privileged world their romantic roiling age They were confidantes to British prime ministers poets writers and artists their lives entwined with the most celebrated and scandalous figures of the day from Oscar Wilde to Henry James They were the lovers of great men or men of great prominence Mary Wyndham wilder than her wild brothers lover of Wilfrid Blunt confidante of Prime Minister Arthur Balfour the Balfour Declaration married to Hugo Lord Elcho later the Countess of Wemyss Madeline Adeane the quietest and happiest of the three and Pamela spoiled beautiful of the three possessor of the true talent wife of the Foreign Secretary Edward Grey later Viscount Grey who took Britain into the First World War They lived in a world of luxurious excess a world of splendor at 44 Belgrave Square and later at the even more vast Clouds the exquisite Wiltshire house on 4 000 acres the house of the age designed in 1876 by the visionary architect Philip Webb the model for Henry James's *The Spoils of Poynton* They were bred with the pride of the Plantagenets and raised with a fierce belief that their family was exceptional They avoided the norm at all costs and led the way to a blending of aristocracy and art Their group came to be called The Souls whose members from 1885 to the 1920s included the most distinguished politicians artists and thinkers of their time In *Those Wild Wyndhams* Claudia Renton gives us a dazzling portrait of one of England's grandest noblest families Renton captures with nuance and depth their complex wrangling between head and heart and the tragedy at the center of all their lives as the privilege and bliss of the Victorian age gave way to the Edwardian era the Great War and the passing of an opulent world

The Power and the Glory Adrian Tinniswood, 2024-11-12 A spirited history of the English country house in its golden age For generations the great palaces of Britain were home to living histories noble families that had reigned for centuries But by the end of the nineteenth century members of elite society found themselves for the first time in the company of arrivistes Their new neighbors from chorus girls to millionaire greengrocers to guano impresarios lacked lineage and were unencumbered by the weight of tradition In *The Power and the Glory* historian Adrian Tinniswood reconstructs life in the country house during its golden age before the Great War when Britain ruled over a quarter of the earth's population and its stately homes were at their most opulent But change was on the horizon the landed classes were being forced to grapple not only with new neighbors but also with new social norms and expectations An exuberant story *The Power and the Glory* offers a delicious captivating and often scandalous history of the British country house *Balfour's World* Nancy W.

Ellenberger, 2015 An exploration of political culture in Britain in the last decades of the nineteenth century revealing how Arthur Balfour and his circle served as a clear bridge between the Victorians and the moderns in Britain's twentieth century political culture Arthur James Balfour 1848 1930 was born toward the beginning of Queen Victoria's long reign At her death

in 1901 he was a year away from becoming the first prime minister of the Edwardian era. In the quarter century after his entry into political life in the 1870s Britain experienced material changes and a sense of intensifying human interactions as dramatic to his generation as the forces of globalization are today. Aristocrats watched anxiously as gifted boys from the middle classes rose to the top in professional life. Culture wars over male and female behaviours erupted at home as small wars of empire proliferated overseas. Politicians came to terms with electioneering among the masses and with a boisterous print culture that prefigured the mass media of the next century. The first great era of advanced international capitalism affected every segment of British and imperial society including the rarefied domain of Arthur Balfour. That changes of the magnitude that Balfour's generation faced would demand different skills, career paths or political alignments is not surprising. That they might also result in the creation of different emotional sets and interior worlds may be more so. Balfour's World provides an intimate history of how Arthur and his friends George Herbert, 13th Earl of Pembroke, Laura and Margot, later Lady Asquith Tennant, Mary and George Wyndham helped to construct a new emotional regime among Britain's political elites at the fin de siècle. The rich diaries, letters and publications they left allow access both to public selves and to inner landscapes and the mix of psychological patterns and cultural assumptions that mediated their responses to the world. As the new century began the demeanours modelled by habitus of Balfour's world would characterize many in the imperial elite, marking them as a clear bridge between the Victorians and the moderns in Britain's twentieth-century political culture.

A Liberal Chronicle in Peace and War Cameron Hazlehurst, Christine Woodland, 2023-07-03. Jack Pease was at the heart of the British Liberal government from 1908 to 1915, holding the position of Chief Whip through two general elections and a member of the Cabinet confronting domestic tumult, international tensions and war. Pease was an unassuming participant in the deliberations of a unique gathering of political talent. His journals as President of the Board of Education from 1911 to the formation of the coalition ministry in 1915 are a closely observed, unvarnished record of what he saw and heard in Downing St and Westminster: constitutional and Home Rule crises, industrial conflict, electoral reform, women's suffrage controversies, struggles over budgets, naval estimates and foreign policy. Despite his Quaker beliefs, Pease committed to supporting war against Germany, and his troubled conscience is laid bare in letters to his wife and friends. Replete with intimate portraits of his revered chief, H. H. Asquith, and the Prime Minister's social circle, the journals also provide evocative observations of the contest of ideas, arguments and moods of prominent contemporaries, especially David Lloyd George as Chancellor of the Exchequer, Winston Churchill as Home Secretary, then First Lord of the Admiralty, and Lord Kitchener as Secretary of State for War. Pease's candid accounts, augmented by the diaries and letters of others privy to Cabinet policy secrets and personal rivalries, reveal the stories not told in the Prime Minister's reports to the King. Together with the editors' biographical introduction, extensive explanatory commentaries and bibliographical guidance, Pease's text provides a uniquely

comprehensive understanding of Asquith's Liberal government in peace and war

Mistress Anthony Fletcher, Ruth M. Larsen, 2025-08-05 An insightful hugely engaging new history of elite women and the country house from the sixteenth to the twentieth century Grand houses can be found across the countryside of England and Wales From the Stuart and Georgian periods to the Edwardian and Victorian these buildings were once home to the aristocratic families of the nation But what was life like for the mistresses of these great houses How much power and influence did they really have Anthony Fletcher and Ruth M Larsen explore the lives of country house mistresses Focusing on eighteen women and spanning five centuries they look at the ways in which elite women not only shaped the house household and family but also had an impact on society culture and politics within their estates and beyond We meet Brilliana Harley who defended her castle at Brampton Bryan Frances Boscawen who oversaw the building of Hatchlands and Lady Mary Elcho who preserved her secret life as mistress to Arthur Balfour This is a fascinating account of the country house that puts women's experiences centre stage

Pearls Before Poppies Rachel Trethewey, 2018-03-16 In February 1918 when the First World War was still being bitterly fought prominent society member Lady Northcliffe conceived an idea to help raise funds for the British Red Cross Using her husband's newspapers The Times and the Daily Mail she ran a campaign to collect enough pearls to create a necklace intending to raffle the piece to raise money The campaign captured the public's imagination Over the next nine months nearly 4 000 pearls poured in from around the world Pearls were donated in tribute to lost brothers husbands and sons and groups of women came together to contribute one pearl on behalf of their communities Those donated ranged from priceless heirlooms one had survived the sinking of the Titanic to imperfect yet treasured trinkets Working with Christie's and the International Fundraising Committee of the British Red Cross author Rachel Trethewey expertly weaves the touching story of a generation of women who gave what they had to aid the war effort and commemorate their losses In this new updated edition the last string of Red Cross pearls is revealed for the first time and the story behind their discovery told

Servilia and her Family Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Julius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia's status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia's life for which the chief source is Cicero's letters follows the
